GRACE OF GOD

God you are great, God you are one and only one, God you are in everyone, God you are The Truth, God you are absolute, God you are The Creator, Deity, God you are fearless, Dauntless, Doughty, Gallant, Gutsy, God there is no one else to compete with you, no one Antonyms, God you are not timebound, God you are invisible, not perceptible by the eye, God you are Omnipresent, God you are The Grace. Full faith in God is the only way to achieve human Hight. No one can have full faith without the grace of God. Pretending to be good is worthless. Full faith in God can keep us away from going wrong way. Only The Perfect can preach to be perfect. There is only one perfect, if we want to work on perfection, the only way is the grace Of God.

God's Grace is always within us but we have to find it within us. Glittering worldly things easily make us fool and take us away from our real purpose. Glittering worldly things have multiple ways to attract us. To stay away from going wrong way we should join congregation. There is no specific way to work on it, it depends on how much grace of God we have. No one else can save us from being attracted by this glittering world, our body feel healthy but our spiritual sickness drives us away from perfection. With the grace of God, we learn tolerance and we stay away from getting into litigations. We stay away from anger, greed, attraction, proudly and lusty behavior by joining congregation. Only symbolic religious is not enough. A poor but gentleman is lot

better than angry greedy proudly lusty man. Company of the gentlemen can make you gentleman.

Glittering world cannot glitter forever, but we get attracted by it and we get caught and it is very hard to get out of it. The best way to stay out of trouble is our faithfulness to the congregation. We feel great and spiritually content. We are playing very strange game, as we are growing, we get more involved in the perishable glittering. We keep falling down and deep into this well and it becomes harder and very harder to get out of it. Only with the grace of God we can save ourself from this fake glittering. Everyone has to go one day but everyone acting like we are living forever. Our life is a gift to us, mechanism of our body is a gift from God but what we make out of it is our return to God. We usually never thank God for the eyes we got free, but we thank doctor and pay doctor for fixing our eye glasses. Yes, we can get real if we are attached to the real one. Only real one can save us. Nothing works against His will. We can feel Him if we trust Him.

The grace of God can't be bought with any kind of riches. Truth lovers always feel the grace. They feel that the grace of God is always there, they feel blessed. Visiting holly places or traveling around the world is not any qualification to get the grace of God. Love and full trust in God enlighten worshipers and they are always content. No one can get enlightenment by physically hurting themselves or pressing themselves too hard religiously. If we are not enlightened, where there is no light, there is darkness. We are dead if we are not living. Everything belongs to Him, if we do not belong to Him, we are nowhere. We don't have anything if we don't

have Him. We are breathing with His grace; we don't own our next breath. Our all achievements are with His grace. Smartness does not work, nobody knows about birth and death, moreover we should not know when and how we will die. If we know how our life will end, we can't live properly anyways.

Facts to find out;

1. We can try to be gentlemen, no matter what is our society, our culture or country. We are making our moves. To go right way or wrong way is our decision.

33. Most of us fail in the test, we are tested, usually we get attracted by glittering worldly excitements. We have to choose real or fake.
34. We can look like gentlemen, but that is not enough. We can confuse the world; we can make fool of people but not the creator.
35. We gain weight, we grow, we get taler, but one day we

- drown because of our weight. It is easier for the light people to swim.
36. Everybody want to live more, we love ourself, we want to take care of ourself. We don't want to listen that we will die one day. This is not right thinking but we do think that way.

 38. Our sand, our dirt will become land, grass will grow on our dirt. Weeds will grow but we won't be able to take out weeds from that land where our body merged.
 39. We should not feel proudly about our size, we should not laugh at small people, all big and small have to go one day.

*Grant me everlasting union with you,
Lord, God Almighty!*

As a mother watches over her child from birth as it grows, so too the Master guides his disciples in love and devotion to the Lord. Blessed is the Master, the true Teacher, who grants us wisdom. As the crane circles the sky to protect and nourish her chicks, so also, the disciple is granted the love of the Lord, to hold and cherish, in his heart. All power is in the Lord. He cares for His devotees' honor, even through slander, from those who challenge and fight their beliefs. No one has any power but the Lord, God Almighty. All happens as He has ordained. Old age, death, disease, pain and curses will not bring torment unless it is sent by the Lord. Meditate on the Lord, God and even in your last moment, He will bring you peace. Joy and Bliss comes from God. Duality and evil is obliterated: Through prayer, with the Master's guidance, Union is possible. By the Grace of God, the devotee is granted union by touching the dust of his Master's feet. Seek the holy Teacher, who will confirm your dedication to the Lord. You will gain Blessings by repeating the holy Name of the Lord. Those free of duality and evil will have an enlightened heart.

They will know the compassion of the Lord, who, through His Grace, Praise Him and meditate on His holy Name. As a servant of the Lord, He has given me the whole world He created. The beauty of the Lord is in all creation. The Lord stays close by our side. The Un-limitable, Infinite

Lord is here to shelter us. Praise the Lord, for He is Supreme Greatness. He is the life of the world, Master of the universe, the Creator. We must follow His Path and hold Him steadfast in our hearts. In holy company, Praise the Lord, for His Divine Presence is the only medicine of the world. Peace comes from, and through, the Lord. From all sin and evil, we can be cleansed with His Divine elixir. Bathe in the holy Pool and all that is foul thinking and impure, will be washed away. The Lord has no equal. He is bountiful, He is the Sole Master of all. Praise Him and know the Joy that comes with devotion to His Divine Name.

Master of the universe, my Benevolent Father, grant me the Grace to lodge you, Lord, firmly in my heart. You created me, body and soul, save me from the clutches of death. Let me not be ignorant of your holy Word, like the evil reprobates and weak men, who are absorbed in filth and falsehood. You are a most gracious cherisher of those who seek your shelter, oh Lord. As your humble servant, I seek your charity, that I may become truly devoted to your Divine Word. Let my heart dance in devotion to you, for my mind and body belong to you. You are compassionate Lord, and you can shatter all suffering, hear my plea and listen to my prayer. Grant me everlasting union with you my Lord, God Almighty.

*All Power comes from the Lord,
God Almighty.
Let us Praise Him!*

The Lord is all-pervasive, all-knowing, ever-present. He grants freedom, as He is the ship, raft and Pilot. He is the Master who grants all Grace and Blessings. The Lord, Himself, directs all His devotees. As the Merchant-Prince, He bestows all capitol that brings Joy to commerce. As His agents, He engages all His devotees. All profit and wealth is in Him, as we hold Him in our hearts and are protected from the tax collectors. They cannot harm us. Any other commerce is not shielded from suffering, when born of worldly materialism. Those whose commerce is in devotion to God will be granted His Grace. As a mother puts her hopes in her newborn son to grow into one who brings Joy and pleasure, so the Lord, God, holds His devotees in His arms to embrace His holy Word. Lord, God, comfort me and give me the Grace to hold you in my heart and be your honorable servant. All Joy comes through singing Praise to the lord. You know all things. All that happens is at your command, Lord. You are the Creator of all. Your ever-presence brings devotion to your Greatness. The slave who is bought at the marketplace is still the servant of God. He must meditate on the holy Name as he chops the grass and performs his daily chores. When the tiller, tills the soil with his whole heart, ploughing with honest effort to provide for his family, in the name of the Lord; The

Lord will bless Him with the sustenance and enlightenment to know his God. In God's service, the merchant starts off with his lesion of horses, he earns his wealth but still remains a fervent devotee. He will find abundance in God. Those merchants who are only attached to worldly materialism are caught in duality and evil. Those who humbly serve God, with the Master's guidance, will be liberated.

Those who are caught in illusion are lost in avarice and evil. Those who, although their load is heavy, serve the Lord, God, will be recognized by the Lord. Keep us close to you, Lord that I will cast away all thoughts of materialism and evil and Praise you with every breath. Monarchs and rulers serve man for their own gain. They impose fines, bonds and taxes to further their personal wealth. Blessed are those who remain steadfast in their devotion to the lord. They make no bargain to earn profit for this world only. Those who earn the Master's merit will profit by finding everlasting Joy.

Hunger for worldly pleasure is unquenchable. Devote your life to the Divine Master and you will be favored with his Grace. Lord, I seek only to know and see you. Those who have a heart that is filled with love of the Lord will be inspired and filled with Grace to become united with Him. Lord, though I have many demerits and have fallen many times in this life; Bless me with your compassion that I may find everlasting Joy in union with you. For you, Lord, are my Divine Savior. I am awe-struck by your Greatness. Lord, you are my Father, Mother, Brother, Sister and Friend. You know everything about me; when I have fallen and when I have sinned but still when I call to you in prayer, you listen and save me from

death. When my mind has been attracted to riches and evil ways that are not of God, you have forgiven me. I was attracted to mansions, riches and worldly pleasure and forgot my Lord. Master, forgive my wrong-doing and give me the Grace to contemplate your holy Name. With your compassion, forgive me. All sinners can be saved with the Grace of God.

The gift of life, limb, mouth and nose have been given to us. Water and grain to sustain us, clothing to cover us, together with other pleasures to enjoy. Let me never forget to Praise you and meditate on your holy Name. All power comes from the Lord, God Almighty, Let us Praise Him.

The Lord brings His devotees to His Everlasting Home!

All enlightenment comes from God. Through Divine essence all foulness is exposed and discarded. Understanding comes through meditating on the holy Name. The Divine Word obliterates worldly materialism, darkness and doubt are lifted. Those whose forehead is stamped with the Name of the Lord are His devotees. My brethren, by what means may God light up my life? For without sight, I will not know the Lord. Pray with me, holy brethren, that I may be granted the Divine nectar. Praise the Lord that I may listen well and hear His holy Name. The Lord, alone, is our true life's objective. For Joy comes from God, and my whole body and mind is absorbed in seeking such Blessings.

The Master has shown me the Way to the Lord. He guides me to trade sin for good merit and has adopted me as His. The Master has taken the sinners and though they are heavy as rocks, has taught them to swim across the ocean. For He is the Bestower of all merit and will guide us to cast away all sin and evil. Lord, redeem us that we may find the Way to peace in Thee. Open my ignorant, sleeping mind! With your guidance I will contemplate the Lord and know everlasting Joy. With God, as my true Friend, I chant hymns of Joy. This is my Prayer; Show mercy on me, oh Lord, as I hold you in my heart. I am no great scholar or disciple, but in my simplicity, I chant the Name of the Lord, over and over. Let the way my life is lead, through contemplation of the Lord, guide me safely

across the ocean of the world, to your Divine Door. Those who are celibate and renounce all women and sit for hours and days on the steps of a temple, or are great warriors who in their heroism, save the weak, will not come to know you without devotion. But I, in my childlike simplicity, hope that by repeating your Name, I will find liberation and peace. I may seem blind but I fix my sight in reliance on Thee and repeat your Name in meditation, over and over. I contemplate your Divinity and Greatness in the company of holy devotees. By listening to the Word of the Lord's inexpressible discourse, I Praise you in such holy company. My tongue will taste the Divine nectar and I will chant, as the slave of slaves, and meditate on your holy Name. The noblest of actions is in service to God's devotees. They are close to my heart, who teach me the Way of the holy Lord's discourse.

By good fortune, may I touch the dust of the feet of the holy brethren? May I fall in Love with the holy Name that such devotees are embodied with? As a mother is pleased to nurse her children. As a fish is happy to swim in clear water. So too, is the holy Preceptor pleased when the essence is offered to His disciples. Beloved Lord, Grant me union with such devotees of God, who have lifted away my sorrow and pain, by bringing the holy Word to me. At the sight of the calf, the cow is pleased. The woman is pleased at the sight of her beloved returning home safely. So too, God's devotees are pleased to sing Praise to the Lord. The lotus loves the gentle rain, the king is happy with his growing wealth. So God's devotees, fixed in their love of meditation and contemplation on the One, True, Supreme Being, God Almighty. As the

simple working man is attached to his earnings, the true disciple is attached to the love of His Divine Master. As a beggar is pleased with his alms, the hungry man happy to enjoy his food; so the disciple is pleased with the sight of his Master. Lord, grant me the sight of you, that my yearning to be enlightened will be fulfilled. With your Grace, fill my desire to cherish you, as the lovely wife who is over joyed when her Beloved appears. The suckling calf is delighted at the sight of the Dam (mother cow). No earthly love comes close to that which brings union with the Lord. Fruitful is the service of the Master, who guides the disciples to the Lord.

By whose touch is the Name of the Lord contemplated? By simply uttering His Name, all sin can be forgiven. So brothers, let us Praise the Name of the Lord and know His mercy. The Master will control the mind of all who contemplate the Lord. Day after day, chant Praise to the Lord. All falsehood and ego will be discarded and the radiance of the Lord will shine in your faces. Through the Grace of God, the Lord, Himself, showers freedom on His devotees and brings them to His everlasting Home.

*Blessed is the man for whom the door
of Eternity is opened*

Quenching all worldly desire ends wandering of the mind. With this death, realization is possible. The medicine that kills the ego, awakens desire to know the Word. Through the holy Preceptor's Grace, real understanding of the Lord's Word is realized. Through good and holy deeds is the full understanding of the good-self ennobled by the Lord's Grace. Shed all ego and evil inclinations and you will never be alienated from the Lord. Those who are united with God from their birth and remain true to the holy Word will never be alienated. Those who lust after money for their reward are lost. Suppress your ego and know the Word of the Lord. The Lord is King and Judge. Never neglect Him. Why neglect the Lord over life? Why would you ever neglect the Ruler over all? Serve Him and make a sacrifice to the Lord's Name. The egotist, who in ignorance of God is involved in falsehood and duality, will perish. Those who follow His Path, please Him by Praising His holy Name. Those who have found merit in His holy Name and suppress all ego will know His realization.

How do I express my understanding of God? He is inexpressible, Almighty, Eternal and beyond our ability to evaluate. God is the holy Word. Through the holy Word comes all of His Greatness. Wherever the Master is, spontaneous congregations gather to Praise Him. Thus crushing all ego and evil. With devotion to God and

meditation on His holy Name, He will be lodged in the mind and heart. That will bring enlightenment to enter His Divine Mansion, through His Grace. The union of air, fire and water, has brought the world as created by the One, sole God. He is ever-present in every corner of the earth. His plan is incredible. His worth and abilities are impossible to express in simple words. Only those dedicated to Him will see Him and realize His true Greatness. By becoming united with the holy Word, you will be exalted with His Blessings.

Those absorbed in worldly materialism and earthly attachment cannot contemplate His qualities or seek enlightenment. Only those who are awakened to His holy Name are enlightened and will never sleep. Rare are they who follow His Path and find realization and His perfect endowment.

The self-absorbed, who have no piety, will never come to follow, or know, His Word. For they are deeply ensconced in the materialism and attachment of this world. Those who are blind to the Way of the Lord will never find liberation or closeness to the Lord, God. Devotion to God is the only Way to freedom. Rare are those who openly contemplate the Master's Word in this age. All are born in impurity and must find the Way to attain realization of the Lord. Through the Master's Guidance, and with His Grace, the mind will be opened to become absorbed in His holy Name.

By repeatedly contemplating His Name, you will cross the ocean of this world, and duality and ego will be drowned, by the Grace He bestows. The egotist who forgets the Lord, or those deluded will be wasted in a sea of suffering.

Through Divine Grace, the holy Preceptor enjoins man in meditation to the Lord God. Such devotion brings faith to the mind. Those who are devoted to the Lord become rich in their labor and will become enlightened through His Grace.

Brother, serve the Lord! Meditate on His Divine Name! Find reward in following the True Path! Find true understanding through Praising Him! Cast away all duality, ego and materialism. Don't be disturbed by the evil in those surrounding you, even friends, family, children or home. Seek, instead, holy brethren. Hold precious the Divine Name in your heart and be the rare one, who treasure's the Master's Word and is absorbed in Him. For there lies the real wealth, and through this devotion the inexhaustible, unending Bliss and Glory that opens the Divine Portal. Blessed is the man for whom the door of Eternity is opened.

***Blessed me, Lord, that I may be united
with you eternally!***

The Master's guidance brings union with the Lord. With holy brethren, such union can be realized. Through fear of God, all fear and illusion of this world, is quashed. One who is absorbed in the fear of God can find true Joy. With the Lord firmly abiding in your heart, you will understand His amazing worth and Greatness. Through this realization, freedom, wisdom and purification is found. With Truth in the mind and heart, all your deeds and actions, will be good. Noble actions will be joined with the holy Word. With the Preceptor's guidance, holy service is rendered to God. Only the rare few will realize God's truth with the Master's inspiration. Through His Grace, love for God Almighty, is realized.

Where does enlightenment and truth come from? The holy disciples inspire the fire of desire. Through the Lord comes peace to the mind. Through the Lord, purity, holiness and sanctity is found. Through the Lord, union will come with devotion to the holy Word. Those who are without faith will remain in doubt and delusion. Through devotion to the Lord, God, comes relief from suffering. Through devotion to the Lord, comes peace and Truthful thinking. Through Supreme good fortune and fruitful lives, you will be Blessed with union. Those who do not know the Lord cannot find union with Him.

Through the Grace of God, love for His Name is inspired. Only those who find the holy Word will have fruitful lives. Spiritual peace and truthful thinking comes through the Lord's Blessings. Enlightenment and Truth come with the fire of desire to know the Master. Peace, purity, holiness and sanctity come directly from the Lord. With the Master's guidance, union with the holy Word is attained. Without following His path, doubt and delusion, suffering and fear, remain. Through devotion and meditation, the One True vision of the lord eternal, comes to the faithful. God alone is the Bestowal, and with His Grace, union is found in the holy Word.

Through Him the mind is purified and truth lodges in the heart. The holy Word brings understanding of the One, Absolute, Eternal, Almighty God. Through good fortune and keeping holy company, Praise the Lord. Let your tongue never taste or utter falsehood or duality. Without the Word, your mind and body have no worth. Without devotion to the Name, only sorrow and tears will end life. Taste the Joy of the Lord and find the Grace of God in meditation of the holy Word. Keep your mind and heart upright to savor the holy Name. A vessel held upside down loses everything it was designed to hold. Holy is the vessel that thirsts for the Word and remains upright to savor each drop. Sing Praise to God's Name and lodge the Word firmly in your heart. Chant hymns to glorify the Master's Word. When God is pleased with those who are devoted and meditate with a pure heart, He will enlighten you to remain devoted. No false folly or capers will replace such devotion. Ego and ignorance will be cast away

and freedom will be realized through the holy Word. Bless me Lord that I may never be alienated from you. Bless me Lord that I may be rendered pure. Bless me Lord that I may cast away all ego and evil. Bless me Lord that I may be united with you eternally.

Lord, God, lead me to the sanctity of your Eternal Home!

Cast away all ignorance by praising the Holy Name. For He can wash away all sin and suffering. Know that there is only One, Lord God Almighty. Worldly materialism may be sweet but will bring no Joy. In the darkness of ignorance there is no light. Ego brings only suffering. Be devoted to the Lord and you will be exalted. All that happens is His Will. There are consequences to all of our actions. With true devotion to the holy Name, you will never feel empty or alone.

We were born of the Father and Mother. Where did we come from? How did we get into this world? With fire and water, we were conceived. Why are we on this earth? The Lord counts all of our merits and demerits. We were created along with all other life, animals, birds, trees and fish. The thief steals from others, homes, shops, mansions, villages and towns. He is cautious as he returns home, peering around each corner as he clutches to his ill-gotten spoils. But he cannot conceal anything from the ever-watchful gaze of the Lord. Everywhere we roams on this earth, to shops, towns, market squares, rivers, oceans and mountains, our actions are recorded. We will be held accountable for all our deeds, good and bad.

The Merchant lives within us, and like the ocean is filled with water, we are filled with faults. But through His

grace and compassion even the stone can float and swim to shore. The fire of sin and desire burns in the heart. Agony like a knife cuts the flesh. But in faith, if we Praise the Lord, we will find Joy and abide with Him in our hearts. We waste our nights with sleep and spend our days seeking food to please our hunger. But fools that we are forget the precious Jewel that life is. If you never find faith in the holy Word, your life will be wasted and you will be filled with regret. Without devotion to the Lord, God, one searches for vast wealth, and leaves no time or place in his life for the Infinite Lord. But those who seek their fortune in the holy Word, will find wealth ever-lasting in union with God, the Almighty. Like a deer in the forest seeking to find herbs and roots to nourish himself, I will seek the Master's Grace and in His Name find true sustenance. That will reveal the illumination of His beauty.

To find the lord and happily meditate on Him is like the fish that happily swims through oceans. On the river banks and in all corners of the earth, the Lord is found. Behold the Lord, with open arms I embrace Him. Behold the Lord, though I am as low a creature as a serpent living beneath the soil, through devotion to the holy Word, I will be set free and all worldly fear will vanish. The home that joins together to sing hymns of Praise and acknowledges the Creator's Greatness in meditation, has no fear. For those abiding in such faith will find everlasting Joy. Everything is recorded and He will bestow the Grace to be united with Him eternally. Every home will receive the courier's packages, pray that the

departed will be Blessed with union. Only God can bestow the gift of eternal union. By Him, with Him, and in Him, this union everlasting, takes away all worldly fear and doubt. Lodge Him in your heart, acknowledge His greatness through the holy Word. Purify your body and mind with God's Truth. Fix His Truth in your heart and mind and contemplate the holy Word every moment. Through the Master's guidance, inspiration of God's Truth is found. Through God's Grace, love for His Name is realized. God, I pray for the Grace to find peace, purity, holiness and sanctity forever in your Eternal Home.

*Through devotion, you will be Blessed
with His Grace.*

Pride never leads anywhere. All power belongs to the Creator. All life and death is in His hands. Through devotion to the holy Name, His pleasure lies and union with Him will be granted through His grace. He is all-seeing, all-knowing and is our One, True, Almighty God. I place all my trust in you, oh Lord and ask that you grant me the Master's Guidance. No impurity is in those who place the Lord, God Almighty firmly in their hearts. With the Master's Guidance and Grace, they will know the holy Word. Those who abide by His holy word and follow His path will be exalted.

Those who share the holy Word with others will be granted Grace. All fear in this world is wiped away with the fear of God. Realization comes through the Teachings of the perfect Preceptor. Those who are born with the word and who Praise spontaneously are blessed. Those who are absorbed in worldly materialism and are egotistical will be bound by such falsehood in life and death. Through devotion to the Lord, day and night, all doubt vanishes and union with Him is found by those who cherish His Name with all their hearts. Freedom comes through devotion to the holy Word. The cycle of life and death is known by the true disciples of the Word. Through service to the master and devotion to God, the Master's Guidance is found. This Truth destroys the cycle of birth and death. Liberation is found through the Master's Guidance. The Lord, who loves the humble, will bestow all Blessing and Grace to see Him.

Avarice, greed and falsehood are rampant in this world. They carry the burden that leads only to dust and ashes. By listening to the teachings of the Master, and doing only good deeds, this will not affect His true Devotees. Slander, evil, lies and lust will leave others abandoned. Do not waste your life with such foal means in this world. No amount of earthly pleasure or accumulation of wealth can be taken with you to the next world. Only those who are ignorant of the Truth, savor such worldliness. Nothing comes close to the Greatness of the Almighty Name. Build a wall on a good solid foundation, otherwise, it will crumble and fall. Those who gather great wealth in blindness and greed, sharing nothing with others, will remain alone, and with ignorance, will find folly and suffering. All happens at God's Will. The lord is the Merchant-Prince and we are His agents, belonging body and mind to Him. He, alone can give and take life. The evils of this world will not bring harm to you and your household, if you keep the holy Name in your heart. The household of the blind man can easily be raided for his illusions cannot protect him. His family will yearn for the precious silver, gold and jewels. Once again, the blind man will attempt to gather ill-gotten goods, through evil deeds. Better to have the Jewel of the heart and the disciples of the mind, to bring Truth and faith in the Supreme Master. In blindness, never seek the company of hypocrites, for they will only increase your doubt. What good will falsehood and duality do? Leave all regrets and seek truth. Praise the Name of the Lord. Lodge the Lord firmly in your heart and know there is only One, True God and Savior. Ego only brings suffering. By following the true Path, fill your heart and mind with love of the Lord, and through devotion, you will be blessed with His Grace.

*Let us be exalted with
God's Grace!*

The mind is totally absorbed with lust, wrath and worldly materialism. It is involved in attachment, greed, evil and falsehood. This is man's worth but those who cross the ocean are awakened. They learn to Praise the holy Word. Hail to Thee, oh Lord, holy Immaculate One. I am a sinner but you are the One true immaculate Name. Fire and water make a loud presence in the body but the tongue may utter a different pleasure.

Those who are false have no fear of God nor do they have any devotion. Suppression of all ego will bring devotion to the Word and take away death. With faith and meditation, perfection may be found. In falsehood and duality, worldly materialism is manifested. Those who truly believe in the Lord find a Blessed peace. Those who are cursed with doubt and duality have truly missed the boat. Blessed are all who Praise the Lord, God Almighty. By Praise to the Lord, true faith is realized. I do not doubt! I have found the elixir that has brought me Faith. Ego has died and the pure mind brings full knowledge of the Lord. By the Grace of God, I have been Blessed with the inspiration of knowing the Lord. Since the Lord has given me the Grace to see the inner self, I am more devoted. Through meditation and holy bathing and casting away all ego and pride, may I attain the highest absorption?

Our life is not eternal, however, by contemplating the

Lord, God Almighty, we may come to His eternal shelter. All doubt vanishes through our love and contemplation of the Lord. The Lotus of the heart will bloom. The Teacher brings purity and self-discipline. By accepting the Lord, God, a higher and higher status is reached. By good fortune, you will be aware of the Supreme Being. His Grace brings you Divine union, thus destroying all ego and doubt. The consequences of our deeds cannot be expunged. We do not know the future. He, alone knows all that happens. He has all Power. Let me contemplate your Name, for you are our One Supreme Being. All the consequences of our deeds cannot be eliminated. Only the Lord knows the future. All things happen at His Divine Will. No other being has any such power. I am not capable of knowing the extent of your Grace and Blessings. Ritual action, duties and all thoughts of caste discrimination, are known to Him. You are the ever-giving Supreme Bestowal. You are all-knowing, all-seeing, oh my Lord. The heart that is true and has the Lord firmly planted will be exalted through the Grace of God.

Bow at His feet to be united with Him.

The Name of the Lord, God Almighty, the Supreme Being, without fear or bitterness, comes Eternal life, realized by His Grace. Fear of God is good and holds a mighty weight. An egotist thinks he has understanding and voice, but without God he cannot move forward, unless the Lord, through Divine Grace, provides wisdom. Those who, with the fear of God, open their hearts, will cherish such wisdom. The fire of fear, in the self, will start a blaze. In fear of God, through His holy Word, devotion and faith will grow. Frivolous understanding with blindness and false actions is worthless. It has no meaning. Lodge the fear of God in your mind and all other fear is banished. For the Lord is the only true shelter for us. All that happens is through His Will. Fear would attack us, if it come from anywhere else, other than the Lord. Fear causes the mind to be perturbed. No one can live or die, sink or swim, without His Divine Will. All happens as the Creator ordains. You come or go in this world, or the next, at His Will. Those who are involved in violence, attachment, desire and pride, will have an overflowing hunger like a raging river. God's devotees, by fear of God, are bolstered. That fear is food and drink to them. This brings sustenance to the mind, awakening it. Others perish who look elsewhere to find peace. For all creation is His, as too, are all possessions. Let true understanding be your Mother. Dignity be your Father and Truth your brother. Accept these as your true relatives, to express and accept the power of the Divine. This is all beyond

us, but with God lodged in our mind, as the In-Laws, and good deeds as our Betrothed, union with God is possible and Truth becomes our Progeny. The body is made of air, fire and water and has a restless clever intelligence that feeds the many senses and the inner-conscience. Those who meditate on the Truth become enlightened and realize such Truth. He Alone is the Master of Truth that brings enlightenment. He opens the mind's ear to Pure hearing. The body that is molded with clay listens to the wind: So enlightened one, tell us who dies? With understanding, pride and ego, die! The precious Jewel that you seek on the river bank or in holy places is actually lying within yourself. The scholar, with his debates, does not realize the Truth s inside himself. Haunting spiritual ignorance will die when the Supreme One grants me vision. Bless me with enlightenment. Let me keep holy company that I may be devoted to the holy Name. Those who do not find the Truth and the Name will find only death's bonds. Let our true farming and commerce be to seek shelter in His Name. Evil and good deeds are both sacks full of seeds. Lust and wrath will destroy the mind, making it forgetful of the holy Name and only filled with impurity. Holy is the Master's teaching that fills the body and mind with Joy that brings realization of the Truth.

The water weed and the lotus grow differently. Those who have the Name firmly planted are like sweet sugarcane juice. By Divine Grace, in conjunction with reason, the body becomes a fortress where the senses unite with the Light. He alone judges. He is the Merchant who will grant exaltation with devotion to His Name. The body is born and dies! How

does this come about? When is it born? How is it absorbed? Where is it bound? How is it liberated? How can it find eternal Light? With the Name in the heart, we are born. With His immortal Name born on our tongue. With the Mighty Name, one can transcend desire. By the Divine, all are born and by the same order, they die. By the mind's order, desire is born and becomes absorbed. Only through the Master's order are such bonds broken.

By meditation on the Word and devotion to the Divine Name, is man liberated. The tree of life is the nest for many birds. Some are happy, others are sorrowful and are destroyed by their attachment. As the dawn breaks, they cast a glance toward the sky and their actions take them racing in many directions. But those with the Name in their hearts, look upon the earth as a pasture land and crush lust and wrath. Without the Name as your merchandise, the shop will be empty. By union with the Divine Master, the doors of ignorance will be flung open. Through good fortune comes union with the Preceptor. Joy in Truth is found by the Lord's devotees. Spontaneous inspiration comes to those whose heart and mind is dedicated to the Lord. I bow at your feet and beg for the Grace to find union with Him.

The Holy Eternal is the All-Perfect, Supreme Being!

Devotion to the holy Name drives away all enemies, ego, duality and doubt. Joyous are those who have found the True path. Through meditation and Praise of the holy Word, death is conquered. The Master guides us to know the Divine word. You cannot wash away your faults. Only through devotion to God and by His Grace, can you be cleansed. He, alone can pardon your sins. It is meaningless to seek worldly pleasure to banish suffering. Joy and suffering are the clothing we must wear. Sometimes it is wiser to say nothing when silence is the better choice. You can seek the Lord in all directions but look within yourself to truly find Him. The Supreme Almighty God, who created all the universe, will be cherished. His Name the Jewel that within your heart, become the lamp that lights your Path and home. Those who open their heart to Praise Him will find Truth and Bliss. Those who have no fear of God are destroyed by their pride and will fear retribution. Those who have no thought or regard for the Name, will wander the earth like ghosts. If you come into the world with the fear of God and bear Him always in mind, you will die with the fruit of that fear. If you just indulge in worldly pleasure, you will not leave this world enlightened. Grace from the Master brings the full enjoyment of Bliss in union with God, the Father. By His Grace you will find Bliss.

By His Grace discipline is attained. By His Grace

Eternal Truth is found. Those who pull out their hair and drink foul water or eat what lowest evil soul rejects, will scatter their own excrement and have foul odor. They fear water, so instead they use ashes to wipe their hands. They waste all their parent's hard earnings and gifts. Their family is left with only sadness and suffering and no lamp is lit for them. They are castaways and wander around like a lost herd, for they have become corrupt. God, alone gives and takes away life. Holy Water is the only way to find their Path through the churning ocean. Through prayer and worship can, the Divine Path, be found. The devotees that purify by bathing in holy water, from head to limb, will become pure. Those who remain unkempt will be the Devil's disciples. Nothing good can come to them. Rain falls from the clouds bringing Joy for water is life-giving. Grains and sugarcane grow with the benefit of rains clouds. The cotton grows to save us from nakedness. The grass grows feeding cows that give us curd to churn and the ghee (butter) that we use to make a feast.

The Teacher is like the ocean. Devotion the river. Bathing brings enlightenment by cleansing us. What harm can cold bring to fire? How does the night over-shadow the sun? How will darkness obstruct the moon? How will caste discrimination affect the Purity of the air and water? What gift can be made to the earth when it is the source of all that grows. True honor is preserved by Himself. The Lord, holy and immaculate, will be Praised. We, who beg Truth of Him and Praise Him with our unending devotion, will by His holy decree, find Faith and enlightenment. You, Lord are the true Bestowal of all Grace. Bless us and bring us into union with

you. May we be obedient to you? May we be absorbed in holy Truth? May we seek to learn the True Path from the Teacher? You know our minds and hearts. You, alone can Bless us with the holy Truth and free us from all illusion. I Praise you night and day that I may be called to your Eternal Mansion. May I celebrate your Divinity. May I feast with the celestial Name? By the Master's guidance, may I be Blessed. Divine Praise by the holy Word is proclaimed and spread. The holy Eternal is the All-Perfect, Everlasting Supreme Being.

Lord bring us to your eternal Home!

Those who are filled with false poison, pride and ego will be cast away to roam the earth. For they do not follow His Path. They are filled with lust and wrath. But those who are His devotees and humbly meditate every day and night, shedding all ego and doubt, will be exalted, by the holy Word. Their faces will be radiant. Those who rise in the early morning to Praise Him, as their Lord God and meditate, with their mind fully concentrating, will be Blessed. As the day moves on and the mind becomes divided and pre-occupied with survival, as we are cast out on the stormy ocean. Our hunger and thirst brings deep fear and suffering. The food we seek turns to dust and we become exhausted with the toils of the day and with Our eyes ready to close, we are inspired to meditate, out of the fear, as day becomes night. Holy bathing brings us closer to God and we seek the Lord and all of our desire becomes Love for Him. The wealth of our Infinite God brings good fortune and this Truth is realized through devotion.

With God in my heart, who else will I need? The thief of selfishness will not harden the hearts of those who are devoted to Truth. With ego and doubt gone, the Truth is found in prayer. The Master will bless His servant with the genuine coins needed to enter the Divine Door. Those with the holy Name firmly lodged in their hearts will be filled beyond imagination with worldly treasure. With the guidance of the Teacher true merit is found. Again the early

morning comes and those who awaken with the Joy of God in their hearts are spiritually inspired. With holy brethren, Praise the Name day and night. One becomes Blessed and filled with good fortune. Just as the goldsmith rubs the gold and polishes it to a bright shining finish, so too the Divine Jeweler showers His devotees with Grace and they shine with Love, Truth and goodness. Air is the Supreme Master. Water the precursor. The earth the Mother. Night and day the playground of the world. Good and evil are judged in the Divine presence. Some by their good deeds are brought in to His holy company. Others cast away.

Those who have meditated on the Name, and have struggled, will be liberated. Their faces radiant. Of God is the one true nourishment that brings good living and true Joy. In this fortress of Truth, make your home. By the Grace of God, the ecstasy of His holy name is obtained. Falsehood and ego will not bring you to the Divine Mansion. By listening to the holy Truth, day and night, and by realization, you will gain entry to His Eternal Home.

God grant us the Grace to follow your Path!

Should I have fine garments of fire, a house built of snow and if I were to eat iron, what good would I be? If I could swallow all suffering and move the earth. If I could weigh the heavens on a scale with penny-weights and try to expand beyond measure or try to lead all creation by the nose with great power: It would still be nothing by comparison to how great the Lord is. He grants us whatever His Will decides. I pray for His grace to give me the inspiration to Praise His name. The tongue is not satisfied with idle chatter nor the ears with hearing it and the eyes never satiated with fake beholding. Those who are full of desire are never satisfied, as such hunger is only filled with Divine praise. Only God is True and real, all else is useless. Without the Lord and Truth all turns to dust and such dust has no eternal worth.

The Divine mansion is not attained through falsehood, greed and delusion. The fire of desire, when fueled with the Divine Word, can be reached. The Master is the tree of contentment and fortitude. The flower is righteousness and the fruit enlightenment. Through Joy that is found only in the Lord, the tree remains ever-green. Through meditation the fruit is ripened. With the love and Joy of the Lord, it is consumed. Acts of selfless charity and kind deeds done in His Name are counted. The golden tree with leaves of pearls, diamonds and rubies as the flowers and other precious jewels as the fruit, when shared in homily with holy brethren and all Truth seekers, becomes Joy in the hearts of the devotees. This

good fortune will be recorded and the brethren will be bathe in the Master's holy waters. Through God's Grace they will be saved from the rivers of fire, violence, attachment, avarice and wrath. Desire and evil will be destroyed. There will be no regrets for the faithful. For the falsehood and lack of reality of this world will be washed away by Truth and God's ordinance for His devotees.

Firmly lodge the Lord in your mind. Devote your every moment to Him and through His Grace, you will be enlightened. In holy Truth, become absorbed. In mind and heart hold the Lord. From all poison and bitter fruits, you will be saved. You will earn merit and be protected from all that is corrupt. Through the Master's guidance, you will follow His path and through the Divine Word, you will reside in His Eternal Home. Though you may be able to charm a scorpion, this does not give you the power to grasp snakes. Should an egotist challenge a believer, by Divine justice, he will be crushed. The Lord God Almighty determines the Truth. The goldsmith tests his own skill. The wise physician knows the ailment and the cure. The wayfarer or cordial guest knows the limits of his host. A truthful mediator is not prone to temptation but adheres to justice. Night and day meditate and obey God's Will. You will receive the loving affection of the Lord. You will become radiant through your devotion to His holy Name. To live without devotion to the Name is a curse. Those who live with the Truth of the holy Word will be exalted. Praise the Lord and seek His grace to follow his Path. God, grant me the Grace to follow your Path.

Lord, who is all powerful, Grant us union with you.

The crop is reaped when it is ripe. Husks tossed aside,

the chaff crushed and the grain winnowed (cleaned). The sugarcane is cut, bound and stacked like pillars, by strong men. The juice is boiled and the husks are burned. Those who are oblivious to death are filled with desire. They think they are superior to others. They are materialistic and worldly. Without gratitude, they are false and pay no respect to the Master. Those who bare the holy Name on their tongue and Praise Him, the Divine Master will take account of, and record, their devotion. How does deep water affect the fish or high altitude the birds or cold the stones? What good is a hermaphrodite to a wife? Will the deaf hear you read scripture or the blind see with a thousand lights? The farmer's herd cannot eat gold. Nor can iron, no matter how it is molded, feel soft like cotton. So it is, that time is wasted on the ignorant who have no will to change.

Will the blacksmith, with his fire, fuse broken metals? Should the husband abandon his wife or bare offspring to bolster his marriage? When the king or ruler makes demands, will a tax satisfy him? Will hunger be averted by food alone? Will rain and overflowing rivers cure famine? In love, understanding and communication brings reunion. Acceptance of Truth, in Holy Scripture, heals. Righteousness and reconciliation brings life. Some times the stubborn one needs a slap to open their eyes. The Lord has given birth to all creation and He thinks of all. He judges the true and the fake. He will cast away the fake to roam aimlessly. He will give shelter to those who hold the holy Word in their hearts. Those who are devoted to the holy Master will be shown Grace and will live in the Divine home.

There is only One, True God. Only He is eternal.

Neither the sun, moon, stars, continents, oceans nor air, are constant. Only the Lord, God Almighty. All hope comes from Him. He is the sole Creator, the One True and eternal Being. The birds need no gold or wealth, in hope of finding food or water. He provides for them. The Lord alone knows what is stamped on your forehead. Those who are guided by the Master's Will, discarding all ego and falsehood, will be enlightened. Those who contemplate the Truth will abide in Life eternal through the holy Word. The egotist who lives in illusion will abide in filth and never know the Lord. Alienated from the True Path, they will not find Grace. The goldsmith will test the precious metal and will distinguish between genuine and fake. He may feed tigers, hawks, falcons and eagles with vegetables or turn a vegetarian to a carnivore. This is in His power. He is almighty. He can change the river's course or turn the fertile valley to an ocean. He can make a worm into a king or reduce massive holdings to ashes. He can keep the breathless living. Some He will make carnivores, some vegetarians, some will dine on a multitude of delicacies while others eat only dust. With Him as the Provider, none need to starve. With good fortune you may be endowed and obey the Lord. Without devotion, no joy or peace is found.

Meditate on the holy Name and your life will not be wasted. Praise the holy Name and absorb yourself in His Truth. For without devotion, no Joy or Peace is found. You will roam the earth finding only fake merchandise and making false gains. Some, who worship through music and hymns of Praise, please the Lord. Some, who bathe in holy Ponds, please the Lord. Also those who read scripture and become disciples, please Him. Some, He will make rulers,

others will become defenders and have their heads severed from their bodies. Some will travel the earth, and return home with great Knowledge. All is done with His knowledge. Those who are devoted to you and follow your path will be Blessed. You are the source of all good things. Our movements, our life, our death, all is known to you. With your guidance, may we follow the True Path and be Blessed with eternal life. Through devotion, all illusion will be lifted. May we always be devoted to the holy Name. The egotist will wallow in evil and find no rest. The truthful, obeying your Will, are called to the eternal Mansion. May we be reckoned holy through absorption in the Master's Truth. Bless us with the Grace that brings everlasting Joy. Lord, you are all powerful, grant us union with you.

*Bless us that we may reside in your
Divine Mansion*

Man meditates on the Lord's Name. With contemplation on the holy Name, he finds Joy, through the Lord's Blessings. Through body and mind, union with the Creator is possible. Union and separation is made possible by Him, Alone. Worldly pleasure and ignorance bring only suffering. Indulgence in pleasure and sins brings maladies. From pleasure, sorrow of separation and suffering engulfs the ignorant person. He will be soaked in calculations and disputes. Only the holy Preceptor can settle disputes and bring peace. He settles all and He knows all. All is in His power and man can not accomplish anything without Him. One who acquires money or fortune through false pretenses and imparts such evil ways to others, will be lost and robbed of all goodness. So too, will all his associates. One who follows the Lord's Path and with a truthful tongue speaks the holy Name, will be stripped of all impurity. One who guides others to the Path of the Lord will be cleansed of all impurity.

Bathing alone will not rid him of filth. However, by increasingly meditating on the holy Name and remaining in the holy Preceptor's Pond, he will receive the gift of devotion and light. With a true and pure heart, Praise the Lord's Name. Those who are ignorant, full of pride will be judged. Learn the holy Name through contemplation of the Master's teachings. Realize the Name, garner your wealth in the holy Name and the treasure of Faith will become yours. Through

contemplation of the holy Name is one judged pure, at the time they come to enter the Divine Home. Those who are enlightened have true wealth. The whole world comes to do business, let it be done with Him. Let your church be built of compassion, your prayers filled with sincerity. Let scripture teach you honesty and bring you fair earnings. Be modest, noble and charitable. Let Truth be your teacher and all good deeds, your faith and prayer. Do what pleases the Lord and your honor will be justified.

Never take what belongs to another, this is evil. The Lord will forgive sin but not if your wealth is retained from evil commerce and falsehood. Just by talking, Truth is not attained. From good and decent acts, comes forgiveness. Forbidden foods are not deemed lawful just because the finest seasoning and herbs are used. The reward for falsehood is just that, false. The prayers of those with Faith and Truth are real. Let truth be your first prayer. Followed that by a prayer for good and legitimate earnings. Next pray for healing of the universe, a pure heart and mind and Praise for the Lord God.

Affirm your Faith with noble deeds. Hypocrites will not find peace. Some merchants deal their wares and jewel with truth and honesty, others sell only fake commodities. By the Grace of God, you will discover the real treasure of Truth in the house of Jewels. Blind hypocrites and egotists are ignorant of the Truth. They deal in evil and duality and find only suffering and destruction. There is only One Creator. Pray for His Guidance, whether you are a pauper or a prince. The holy Name is the only true wealth. Nothing else matters. All that is done in the Name of the Most High will be exalted.

Follow the True Path. Open your heart to love the

Lord. Seek the Master's guidance, and through His grace, the illusion of death and life will banish. Be obedient to the Lord's Will. The faithful will know His compassion. As you discard lust, wealth, falsehood, slander, materialism and pride, and cast away all attachments, you will attain the Supreme Immaculate Being, through His Grace. With His guidance in the holy Word, you will become absorbed in the holy Name Divine. Nothing else lasts. Kings, beggars, markets, town and countries will all disappear. In the Might of the Lord, all things are found. Fountains and streams that flow with milk and butter. A world with mounds of sugar delighting hearts. Gold and silver encrusted with diamonds and rubies all around. But none of this has a minute particle of the luxury that abounds in the hearts filled with Joy that praises the One true God. Whether my life is filled with all the luxurious fruits and grandeur of the world or afflicted with the struggles of hunger and thirst, I will contemplate the Lord. In meditation, I will find my heart filled with Joy. Never let me, for an instant, be forgetful of the holy Name. To live without the Lord, brings only ruin and delusion. Knowing both paths, let me follow the true Path, discarding all evil, rejecting illegitimate gains, all worldly materialism, falsehood, ego and desire. Fine food, elegant clothing, voluptuous pleasures, soft beds and mansions with servants, will not bring true Joy and Bliss. Only by truthful living and love of the holy Word will I find the love of the Lord for eternity. For He is my righteous ruler. May we be Blessed to live in His Divine mansion eternally.

Lord, lead us to your Path

The fire of desire in man is not satisfied in this world of doubt. The cycle of birth and death is all around. Without the guidance of the holy Preceptor, no illusion or doubt can be shattered. No exhaustive rituals will bring comfort and light. Meditate on the Wisdom of the Master and with His Grace, you will find the Truth that brings Joy and fulfillment. Those who devoutly meditate on the holy Word bring peace and liberation to all of their brethren. Blessed is the Mother that bore such devout disciples, for they hold the Lord steadfast in their hearts. Their reputation and Wisdom is held in high esteem. Without eyes to see, ears to hear, feet to move, hands to act or a tongue to speak, there is no Joy. For the faculties of sight, hearing and knowing alone, do not bring Joy. Without devotion, one is blind, limp, deaf and motionless. They can not run to the arms of the Lord. They must first seek to serve at the feet of Him, open their eyes to devotion and their hearts to the Love of Him.

The wise one will find union with the Lord. They will not be affected by any falsehood, also created by the Lord, such as ego and duality. Greed and avarice are also part of His creation. All things happen at the Creators Will. To some He will show Grace and grant them union with Him. Seek the Master's Guidance, in holy company find inspiration. Become absorbed in the holy Name, through devotion to the Lord. No amount of ritual, rigor or bathing will render me clean and rid of filth. Such darkness is not abolished by

washing your clothing repeatedly. True piety is found in shedding all ego and falsehood, through the contemplation of the holy Word. Although man may wash himself and his clothing and be disciplined, if he is unaware of the impurity within, he will remain blind and deluded. He will stay in the trap of ego and duality. Only through the Master's guidance, will ego be shattered. Meditate on the Lord. Contemplate His Name. Be devoted to His holy Name and with His Grace, you will find Joy. In ignorance, if one remains involved in worldly pleasure, only suffering and pain will result. Such indulgence in sin brings separation and suffering. This malady causes the ignorant to engage in disputes and without the holy Preceptor's power, such disputes will never be settled. All happens at the Will of the Creator. Gains that come from false means will rob you, your family and associates of any goodness. Those who have truth in their heart, use a truthful tongue to acknowledge the holy Name. They follow, and guide others, on the Path of the Lord. They will become pure. Bathing in the pond of the Lord, will lead to removing all filth. This Sacred Pond is the holy Preceptor. Gather your tribe together and meditate often on the Divine Name. Inspire others to come, welcoming them and guiding them to reach awareness, through the Grace of God. There are some who live in simplicity, eating herbs and vegetables, in the forest. Others, in fancy pilfered clothing, with excessive desire, waste their lives. They have no anchor, no home. They roam the earth aimlessly. They will not find peace. The humble servant of the Lord, who has the holy Word firmly planted in his heart, will be emancipated. They will be Blessed

with everlasting Joy and peace.

Humbly we seek your Blessings!

I will be devoted to the holy Preceptor day and night. I will contemplate the Lord discarding all ego and falsehood. Lord, I seek your shelter. I Praise you with sweet words and beg your Blessings so I might find refuge in union with you. You are my One, True Friend. You, alone bring peace to my mind. I will search all corners of the earth to know your truth. I am your servant and only through good deeds and actions, I will be saved with your Grace. I lay myself before you, as no other can help me. Without you, oh kind and compassionate Lord, I am nothing. No other being is Great like you. No other can grant me forgiveness and Joy. No other can rid me of my pain and suffering. The state of my self, I lay at your feet and pray you will Bless me. The seeker of truth, pleases Him. You, Lord are the cherisher of the humble, Benevolent Savior of the fallen. You are the most compassionate Divine Being, Creator of the holy Name. No one knows or understands your full worth or value. I meditate night and day and beg at your feet for your guidance. Dear Lord Supreme, let my heart be your abode. Grant me your Grace. Forgive any sin I am guilty of. Blessed is the man in whom the Lord has found union. In your Name, may I find my life's true Path. Guide me so I will follow your Will. May I never covet more than you have granted me.

In holy company, I chant your Praise. There is not any other place that I can bring my sorrow and pray for relief and understanding. You, Alone bestow all Blessings. I fall at your

feet and beseech you to hear your servant's fervent prayer. There are many stages of life. First, man is born of the Mother's womb and with her milk is nurtured. This child grows to know his parents, siblings and relatives. He finds love in his life and then enjoys the delicacies prepared for his table. He learns to overcome lust and aviaries. Gathers his wealth and fortune and settles in his home. His bodily strength begins to wane, hair turns grey and soon this life ends. His beloved, together with family and friends, mourn his departure from this life. The swan has flown to a new Path, in the hereafter. Let us not ignore your teachings. At 10 the boy is called a man. At 20 he arrives at the full blossom of youth. At 30 his manly peak is reached. At 40 his manhood finds maturity. At 50 his steps may falter. At 60 comes the age of maturity. At 70 his senses start to wane. By 80 and 90 he becomes feeble and frail. It is time to find rest. The Supreme Creator knows all things. With devotion to His holy Name throughout your life, you will not die. The holy Immaculate Lord, will bring His devotees into His Divine home. With a sincere heart, meditate on the Creator. Your eyes will see, tongues will speak and you ears will bring awareness. Your feet will bring movement and hands the ability to work and earn your way. Do not value the gift above the giver, for that is what the ego-driven do. All falsehood, secret and clever practices will be recorded. Those who are righteous will be exalted. They are enlightened and with the Wisdom of the Master, they will receive His Grace.

Man has fire and hunger within but without the Master's Guidance, he will be shattered by illusion and

doubt. God grant me the Wisdom to follow your Path, so that by your Grace, I may find liberation. Blessed is the woman of faith, who brings forth her children to grow in true devotion to His holy Name. Without eyes, you cannot see. Without ears, you cannot hear. Without feet, you cannot move. Without hands, you cannot work and without a tongue, you cannot speak. So too, without devotion to the Lord, you cannot be Blessed with eternal life. Open my eyes, ears and mind that I may come to know the Lord, God Almighty. I pray with all honesty and sincerity. For I am just your servant and without your Grace, I will be nothing. I Praise your holy Name and humbly thank you for all your Blessings.

May we find Grace through Prayer?

Winter brings the fear of frost and cold but those who are devoted to the Lord will be enveloped in His Warmth. They will be Blessed with the sight of the Lord. Under the Lord, the King's merits in holy company, His devotees are immune from all harm. The Lord will hold those devoted to Him in His Mighty arms and they will remain there forever. He has great compassion for those who fall at His feet in Praise. In the winter, they will find His door to eternal peace and joy open to them. When the New Year comes, all pride and ego will be gone. There will be no attraction to lust or avarice. You will walk the holy Path devoted to His Name. You will bathe in the dust of His feet and with His Grace, find peaceful rest. All kindness, compassion and charitable deeds toward His living creations, will be counted. He will unite His devotees to Him. For those who meditate and sacrifice for the Lord, will be united with Him. As the seasons change, your True Friend, the Almighty will manifest in you. Together in holy community, Praise him. Such union will bring great Joy and Bliss. Finding the fulfillment of a joyous Spouse, the heavenly choirs will sing celestial hymns in celebration. There is no equal to God. Nothing is like Him. He will Bless His devotees with eternal life, when they reach the Divine shore. You will be enlightened and be Judged pure, as you find yourself at His holy feet. This is the treasure that you will find when you have crossed the impassible ocean. You will be

Blessed through your loving devotion. All months, weeks, days and moments will be melted, for there is no measure of them in eternal life.

I will be devoted day and night to the holy Preceptor. I will shed all ego and seek His shelter. I will Praise Him with sweet words, for He is my True Friend. I will find comfort in Him for without Him, I am lost. I have searched the world and know that my actions and good deeds are what bring me God's Grace. Save me Lord, God and bestow your Grace on me. Save me from all sorrow and suffering. I pray in your holy Name. Enlighten my mind and come to lodge in my heart. May you hear my prayers, oh Lord. Bless me with your Love and everlasting life in your Divine Home.

Fill your heart with Truth and He will bestow His grace

Those, who are totally bound to illusion are drowned in duality. Their extravagant clothing and trinkets are of little value. The slaves of death will take them to oblivion. The ghost of man will turn their hair grey. They will reap what was sown in this world. Those protected by the Lord, who seek His shelter, will find refuge. Board the Ship that will cross the ocean of existence, guided and protected by the Lord. In the autumn, rise the waves of passion. This passion is the Love of the holy Name. The mind and body are yearning for the sight of the Lord, God. This thirst can only be quenched by the direction of the Mother and keeping holy company with those ardent in their devotion. Touch the feet of the disciple, who reminds you that without the Lord, there is no Joy. There is no shelter. Love comes from devotion to the Lord, God Almighty. Their joy of such Love will bring fulfillment. Those who believe will be united with the Lord, renouncing all evil and ego. Attached to the scarf of the lord, we will attain union with Him. In the autumn, we will live joyfully, meditating on the holy Name and receiving His Grace. Autumn's message is simply that you reap what you have sown. There is no blame to any other. Forgetfulness of the Lord, brings only malady to the plant's roots. Worldly pleasures will automatically forfeit all intercession with the Lord. All complaints will be nullified, there will be no help for such. However, by Supreme good fortune, union with the Lord is possible. All alienation can be gone, if you join holy company. Anxiety will be relieved.

Union with the Lord, God Almighty can never be

calculated. Cast away all suffering, ego, torment and loneliness. Instead, find Bliss in His service, with your necklace of Pearls, Rubies and Diamonds of pure devotion to the Lord. All doubt will be annulled. In winter no fear will you have of the frost and cold. For the Lord will embrace you in warmth and Joy. Your devotion to the lotus feet of the Lord will bring many Blessings. You will be Blessed with the sight of the Lord and you will be safe in His protection. Through Praising the holy Name and service to the Lord, you will reap profit. You will be saved from all thoughts of materialism and doubt. By the mighty hand of God, you will be protected. For He is your True Friend and you will know His compassion. All desire will be controlled and through the Grace of God, you will know Joy and Bliss. In the dust of His feet, you will bathe with holy company and meditate on the Lord's name. You will be blessed with eternal life.

All ego and pride will be suppressed, all impurity washed away. Lust and avarice will not touch you, for you will walk the holy Path following His Will. You will serve the Lord and do good deeds and be honest and charitable. So then, the Lord will Bless you with enlightenment. Bliss will abound in you, through the Grace of God, and you will have perfect union with Him. All sorrow will be banished. The Divine King will be your eternal mate and choirs will sing Heavenly songs of Praise. He will Bless you in this life and the Next. From the ocean of this existence, you will be rescued and you will find everlasting refuge at His feet. For you truly and genuinely meditated on the Name of the Lord. So you will be judged worthy at the Golden Gate passing the impassible ocean, all duality and falsehood gone forever. You will have obtained unity with Him and will be filled with His truth and Grace eternally.

Reap what you Sow!

In summer the joyful woman attaches to the Lotus feet of the Lord. Her mind and heart filled with the truth of the Divine Name. She quenches her thirst in the pure juice of His Bliss. All falsehood and evil to her are like worthless ashes. In holy company she is filled with the beauty of the forests and grassy glades. Through the Grace of God, she finds union with the Most High. Remaining in holy company with her sisters, the summertime brings her a beautiful necklace of the Divine Name to wear close to her heart. As autumn comes, some are lead to illusion and duality and become ghost-like. They shed their beautiful hair for grey lifeless strings. In this life one reaps what they sow As the fall continues, those who seek shelter in the Lord will find refuge. The refuge ship will bring them safely across the wild ocean. They will be protected by the Master, the Savior of all. As the waves rise, the love of the Lord, also rises and you will unite with the Lord, Most High. This union will bring you to safety. There is no other shelter.

Renounce all evil, ego and duality and He will wrap you in His holy Scarf. You will never be alienated again. Live joyfully in His Grace. Only you are responsible for your actions. You will reap the fruit of your deeds. Never be neglectful of the master, for this is the root of destruction. Never turn to bitterness or worldly pleasure for that will never bring the Lord, God, into your life. You will find no Grace or Blessings in these actions. Seek the Truth and Joy that is the

Almighty. This will eliminate all alienation from the Truth. By Supreme good fortune comes unity with Him. Join in holy company and cast away all anxiety. As winter approaches, wrap yourself in the beauty of all who seek the One, True God. Keep holy company and Praise the truth and the holy Name every minute you can. Let the Joy of the Lord blossom in your mind and heart. You will cast away all torment, suffering and loneliness and find Bliss in service to God. With a necklace laden with the Pearls, Diamonds and Rubies of devotion to the Lord, you will be presented at the Door of His Divine Home. No Chill or frost will touch or harm those devoted to embracing the holy Name. Their hearts are filled with His lotus feet. They are Blessed with the sight of the Lord. Their service and good deeds in this world are all counted and recorded. They are protected from all of the poison of materialism. By the Supreme One's mighty arm are His devotees protected and will never again be separated. They will live in the Home of their True Friend, the Lord, God Almighty. For they sowed the seeds of devotion, meditation, good deeds and service to the Lord and will reap life everlasting.

Only the Almighty is everlasting!

Follow the Path of the Almighty, as you make your life's journey. Those contemplating the holy Name will be saved from blame and stigma, as will their family. Those lodging God in their hearts will never know the torments of pain and suffering. They will be Blessed with the beauty and peace that His presence brings. Keep holy company frequently, to garner the wealth of the Master's Truth. Worship at the feet of the Teacher and you will be Blessed. Those who meditate on the Lord, the True Hero, will have good fortune. Contemplating the Lord in your mind will bring a Joy that is known to true kings among men. Evil will not touch those who, with God's Grace, cross the river of life with good deeds and devotion. Know the true reward of this life and hold Him as your Beloved and you will find Eternal Bliss.

Cling to the scarf of Truth and you will be enlightened and saved. By repeated devotion to the holy One, all fear is cast away. There will be no regrets. All desire is fulfilled by serving the Master. He is the Sole Creator of all beings. Touch the dust of His feet and you will be purified. All sin and suffering will be abolished. Water, soil, air and fire are all created by Him. All creation are His alone. Peace and Joy come from Him. He will be the sole judge who will join His devotees in Blessed union with Him. So too, He will cast away all evil-doers who are egotists. Those who pass through this world without the Inspiration and the Truth will be

destroyed. Never let us lose sight of Him. We may wander all four corners of the earth in many directions to find your shelter. Grant us the Grace to follow the Path you have set for us, that we will find union with the Lord. We, who are as useless as a dry cow or a twig without water, will die, having produced no profit. Let my life have true worth, oh Lord! Grant us everlasting union with you, we pray. Manifest within us so we can have you as our true friend. We will take no pleasure in the materialism of this world with all the fake decorations. We meditate on your holy Name and with your Grace will be united with you forever.

In the Spring-time, we will seek the company of other devotees. As your soft rain touches the earth, all living things blossom in your forests and valleys. So too, we will grow in our devotion to the Truth and the holy Name. We seek your Blessings to live united with you, oh Lord. Never forget the Almighty. Follow His Will or you will be tormented. Those who yearn with an open heart to see the Lord will have their thirst quenched. They will not be abandoned, rather they will have tremendous good fortune and Bliss. Those holy disciples, who lead us in seeking devotion to the Beloved will be united with him. I fall at their feet in gratitude, for they have opened our hearts and minds to know that only the Almighty is everlasting.

Find union through the acceptance of the Word!

The Master's Word is the Way to finding the Lord, God. The ego-centered person cannot know this, as he is caught in duality and ignorance. Union comes at the will of God and He will take away all suffering and doubt. True greatness comes from devotion to the Name. One with faith in the Name finds Joy. Only those who accept the Most High into their hearts will find true fulfillment. One who contemplates the Immaculate One, realizes His Essence and is freed from the consequences of their earthly deeds, through suppressing their ego. They will be blessed in the Name of the Supreme One, in whom they are devoted. Those, who by their ego and duality remain attached, will never be rid of their evil deeds. Through Praising the Master's word, you will know that His is a Sacred Lake, where precious Pearls will be found, bringing enlightenment. Night and day bathe in these waters and shed all impurity and ego. Purity comes with Love and devotion. Surrounded by the Lake, all are safe and protected. No amount of bathing will bring purity to the egotist.

Those who find the wealth of the Jewel and listen to the Master's Word will be filled with Grace and become enlightened. The Creator cherishes all. Follow His Path and you will be blessed. The world is full of materialism and man is influenced by it. Only those who find the Truth, with the Grace of God, will be welcomed into His Divine home. The

world is filled with lust and violence, and the cycle of birth and death, that brings suffering. But the world, also possesses, the sole Jewel of realization and illumination. The disciple who practices chastity and restraint, through meditation, will become pure and lodge the Master's Word in his heart. Those enslaved with the delusion live a life full of regrets. They throw away the Blessings of this world and the next. Open your mind and heart, and by Divine Grace, you can lodge the Lord in your heart. He will be ever at your side and will protect you through the holy Word. With holy company, sing Praise to the Sole One, the holy Master. Do not waste your life soaked in ego and duality, for it will bring you endless pain and suffering. He, who created all, will guide the devoted into union with Him, through their acceptance of the holy Word.

He, alone is above all creation. He creates and UN-creates, at His Will. He, alone is ever pervasive. Those turning to Him in humility, will find glory. He has no recognizable form or features but with true devotion, one will come to know the merciful and gracious Lord of all. Those who seek Him, in devotion, will be Blessed. Crave devotion to the holy Name, Beloved Lord, let us chant Praise to you, so we may be united with you. Cleanse my tongue, that I may be worthy to Praise you and crave union with you and find Eternal Joy with you. The ego-centered man is wasted, like the gambler's bet. Greed is the center of his world and he will roam the earth chasing materialistic reward. Our fortune will be found in cherishing the Lord Almighty. All on this earth are your servants, oh Mighty One. We fall at your feet, for we know that you are our True wealth. You gave breath to all the creatures of this earth, you are most Bountiful. There is

nothing that we can imagine that can equal your Greatness. Only those pleasing you will be liberated. Who can be liberated? Who can be illuminated? Who is the Truth is the scriptures?

Who is the Head of the household? Who is the One who renounces the earth? Who is joyful? Who has only sorrow? Who is devoted to Divine Praise? What Words will still the restless mind? What teaching bring Joy or sorrow? Those who listen to the Master's words are truly liberated! Those who accept the holy Word are illuminated! Those who heed the path are united! Those who solemnly meditate are filled with Joy. Meditate with true fervor. Never let Him out of your mind. Seek the company of others devoted to God. Keep the Lord close on your journey through this life. Never forsake His Will and risk being cast away! Those with the Lord, God in their hearts, have true radiant beauty. Worship at the feet of the Master. Contemplate the wealth of God's Name. We are all owned by the Creator. Meditate on His name. Know that He is the Hero that owns all of the earth. He is the One and Only, who confers all good fortune, Grace and Blessings.

Contemplate Truth and find union with the Lord!

Through the holy Word all doubt is erased. Everlasting Grace comes from the Almighty. May you be blessed with Divine Grace? Let me sacrifice that I may become absorbed in the holy Truth. The Bountiful Lord is the Ordained of forgiveness and will bring Divine realization to his devotees. Those contemplating the Heavenly Name will, through His Grace, find Eternal Peace. Through the Master's teachings, the Immaculate Name of the Lord is exalted. Let us chant Praise to the Beloved so we will find everlasting Joy and union with Him. Those who are gripped by evil and duality will be heavily taxed by the harshest of tax collectors. He will punish those who neglect the holy Name and make them account for every minute, with no exceptions. The self-centered woman resides in her parent's home, while forgetting the responsibilities of her own home. She will weep bitter tears from her neglectful ways, not even finding peace when sleeping. But the woman who is visiting her parent's home, still never neglects to provide care for her own home and family because she cherishes them. She will be blessed with His sight through Divine Grace. By the holy Word she will be united with the Lord and hold Him ever in her heart. Take anchor in the holy Word and know that from your Blessed birth, by holding God in your heart and remaining devoted to the holy Master, you will know the Joy and ecstasy of Love. Those who are enlightened, study scripture and Praise the Most High, will come to the Divine door to be

judged. The Master is ever present and knows and understands everything.

Materialism and duality will destroy the mind and leave you roaming the earth without restraint. The mind that is bathed in filth will roam in filth, ego-filled and possessed by excess rituals. Nothing occurs except through the Will of God. If a man is born and dies and never knows the holy Word, his life is wasted in evil and ego. The egotist, like a beggar dressed in fine clothing without bathing, will soon find that his clothing smells of his foul odor. Rare are those whose faith is in the Truth: They will find spontaneous Joy, through the Master's inspiration. May we be united with the Supreme One and serve Him with an open and pure heart. Through the inspiration of the Master, Praise the One Truth and express the inexpressible with beautiful language. Then the enlightened mind will find love of the Truth. Their hearts are filled with the holy Truth and they will never know sorrow or pain. Those who love the Truth will never live with any falsehood or evil. Night and day, they will meditate on the holy Name and never be pulled away from the Truth, for it is lodged deeply in their hearts. Those who are deluded will remain ever blind. Their ignorance brings only pain and suffering. God, alone brings us into union with Him. Through the Infinite Word, all doubt, evil and suffering are annulled. One finds true greatness in the holy Name and through Faith finds, also, True Bliss and Joy.

The Lord God inspires all devotion

God inspires those who win His pleasure and find the good fortune that brings Joy and Bliss. Through the Master's Grace, the Lord will be lodged within you. Eternal freedom comes to those who spontaneously lodge the Lord in their mind and heart and will find blissful union with our Beloved God Almighty through devotion. From excess rituals, you will become filled with evil and duality drifting aimlessly throughout the universe. Wasted are all hypocrites who never find the inspiration of the holy Word. They will be condemned to suffer. Those, who through discipline and Divine grace, quell the restless mind, will come to Supreme Grace. If anyone engages in falsehood and evil, their reward will be worthless. They will be drowned in duality and all their family with them. By deception and deceit, they will be drowned in poison. Only those blessed to have true devotion and love of God, will lodge the holy Name in their minds and hearts. The Lord will annul all ego and will quench the thirst of His devotees with inexhaustible treasures.

Divine enlightenment will open your eyes and all darkness and doubt will be washed away. All ignorance will be replaced with the knowledge of the holy Word. Faith will bring you to the Divine door and you will be freed from the slavery of evil and falsehood. You will be devoted to praising the Lord, God Almighty. Day and night meditate on His Name. Without the Word, you will remain in darkness and

blindly flounder over the earth. The Lord is everywhere, although invisible. He will be found through Grace and good fortune. Seek the Lord and lodge Him in your heart and you will be united with Him in His Divine home. With the Master's guidance, sing and dance, in ecstasy. Those having the holy Word in their mind will know everlasting life. They will cross all the stormy oceans of this earth, and will through their devotion save all their people. Those who are enlightened find true greatness in devotion to the Lord, God Almighty. They will gain everlasting purity through meditation on the holy Name.

Nothing happens except through the Will of God. He will guide all of His devotees to climb the insurmountable. He can bring life back to the dead. Union with Him will bring everlasting Joy. He, the Lord God, is higher than any other being in existence. May we serve the Lord, Master of all inspiration with unbroken meditation? May the Lord, life of the universe, bountiful Master, lodge within our minds and hearts? By His Grace, may He abide in those of us, who remain eternally youthful, with His Blessings. Evil and good live, side by side, in all of us. They are a part of creation. Only with the Master's guidance, is peace and Joy found. In each, duality and ego lies, however, these possessions can be discarded, with the Light of the holy Word. This is like the lotus in bloom, it can only blossom with light. So too, can our hearts find everlasting Joy through the light that comes from the Master's guidance. Inside each of us is a mansion with great stores of Jewels. These Jewels are the Name and the

Word of the Lord and can only be attained with the Master's guidance. The devotee trades solely on these Jewels, his profit is the Name everlasting. The Lord God, Himself is a storekeeper. He bestows the Jewels on God inspired merchants. The bliss of His Grace comes through devotion and meditation. Praise Him and lodge Him firmly in your heart!

God's Name, alone, will fill you with Grace

Reflect on God and through the holy Word you will become enlightened. Endless study will not satisfy the mind. Burning desire will not open the mind. Any falsehood or duality will poison the mind. If you buy such poison, by this poison you will be overcome and it will consume you. Seek the Master's grace and you will come to realize the One and Only, Sole Supreme Being. Suppress all evil and duality and Truth will prevail. Fill yourself with God's Name and you will attain the Master's Grace. Search for the wisdom of the Lord and you will find everlasting life. With the Name of God firmly lodged in your mind and heart, you will never travel the earth in fear, lost. God is ever present, seek Him and He will lead you on the right Path. Cherishing evil and ego are wasted. They will not lead to the Master's Word. One suppressing evil and ego will spontaneously find Truth. Discard all materialism and seek only to Praise your Lord, God. Let Truth and the Master's Word be your devotion. You will be inspired and find True Joy with God's grace. Truth will prevail, it is steadfast and everlasting. Through the Blessing of the Lord, in wisdom, is Truth found. Those devoted to the holy Name are truly wise. Blessed is their endeavor. Pure is the holy Word. Pure the Master's lessons. Pure the light that penetrates all creation. Pure is the song of Divine Praise.

Find purity in meditation. Those lodging the Lord in their hearts are Blessed with true Joy. The Immaculate Lord, God is Praised through the Master's Word. Thus, all desire for

any falsehood is destroyed and the mind and body made pure. Chant hymns of Praise, holy choirs will be heard by the Lord. All impurity and ego will be washed away. The purified mind is filled with the Divine Word and like a string of beads, adds another precious pearl. Great fortune comes to all who are devoted to the holy Name. Their devotion to the Word will reflect as beauty from their glowing faces. By indulging in impure foods, the filth of ego and evil are multiplied; only suffering and pain will be gained by such excess. Only the pure will be Blessed by Divine Ordinance. Be a swan on the glass pond with others of pure mind and thoughts. See your pure reflection and meditate on God, the Almighty, and you will be ever radiant. Meditate day and night on the holy Word. Chant Praise to the Lord. Such a dance in the mind will strengthen your devotion. The music of the holy Word will cast away all ego and materialism. Let no ritual or falsehood steal your mind and bring you suffering. True devotion is from God alone. The rhythm on the Divine Word brings great rewards. Never mindlessly or hastily keep time to the music, for your mind will not be devoted to the Divine Word. Don't expect income or wealth from such a performance, as it is no longer devotion to the Master's Word but for self-indulgence. Ego and duality comes from such performance and only pain and suffering will be the reward.

One who meditates on the Master's Word, truly pleases God. One who is devoted is truly free. One controlling their senses becomes a master of discipline. Submit to the Master's teaching, this is the way to true devotion. Realization comes through devotion to the Master.

Fall at His feet while meditating on the holy Name, Praise Him, and no suffering will come to you. Those neglecting the holy Word have no shelter or anchor. They will be lost, as a raven in a deserted cottage, all alone and suffering. They will forfeit all in this world and the next. They can record books of their thoughts on evil and duality using volumes of paper and ink, but they will find no Joy. They indulge only in falsehood and that will be their compensation. Those with only vanity in their hearts will be cursed. Holy the pen and paper that will record the Truth that comes only from God's inspiration. By recording the truth, eternity will be realized. The Lord, God Almighty, Creator of the universe, sees all. Only by His Grace is one united to Him. In devotion to God's holy Name, His Grace is bestowed.

Meditate on the Lord and find everlasting Joy.

Meditate on the Lord and find everlasting Joy! Such meditation will bring sustenance. Shed all ego and you will find the Lord. Devotion to the Lord, Master of the universe, brings everlasting Joy. Good fortune will bring union with the holy Word. True devotees will not be touched by impurity and evil. They will not be harmed by any aggression against them. The blind ego will lead to suffering, through evil and falsehood. Suicide and murder will come to those who slander the Lord's devotees. Those who are devoted, will be safe and unconcerned for they know they are cherished by the Lord. The universe is a garden, we are the plants and the Lord, God Almighty, the Gardener. You are the true King! You are the one and only Judge who can drown away all tears and sadness and bestow Eternal Justice and Joy everlasting. Open my eyes and mind that bring me into your Devine Light. Sisters, sing hymns of Joy! Where the Beloved has blessed the bride with Bliss. Her home is filled with peace and happiness and the Groom is blessed with charm and Grace. This bride has great fortune and wisdom. She will know her Husband's favor. She is blessed with enlightenment and she will receive her Beloved's praise. This union is Blessed with everlasting Bliss. The Inaccessible, Unknowable, Infinite, Lord God Almighty, is her Bridegroom. Her love of Him is her true devotion. As you have with this devoted bride, Lord, bring us to your Devine Home.

Lord, God Almighty, be mine!

Lord, God Almighty, be mine! You are the Creator, the Sole Supreme One, and the Eternal revelation; without fear or animosity, all-knowing, Self-existent, made known to man only through God's Grace. My heart is dedicated to the Lord, the holy Name, and the Devine One! Through the Grace of good fortune, I meditate on your Devine Name. Bless me with attaining perfect meditation. By being part of the devoted brethren, may I learn to follow the True Path. Be my life Companion, oh Lord, live in me and bring me to life's everlasting wealth. The wealth of union with You, my Lord. I will contemplate the goodness of my God and learn His Truth.

With His brethren, I will sing His Praise. I will cross the oceans of the earth safely knowing that my Beloved is with me. He brings me glad tidings, so I may follow the Master's

Path. I will call out to Him, repeating His holy Name to cure any doubt or evil. God will free me from sin and grant me shelter. *May I find True realization
through His Grace!*

May I find True realization through His Grace. In the Name of God may I be blessed. A loving mother watches her child grow, not understanding that with each passing day, his life is waning. She foolishly embraces the child thinking he is hers alone. Never giving thought to Truth, she remains deluded. Cast away duality and ego, that you might avoid certain death. Praise God and seek His infinite Word and you will find Eternal Life. Cross the ocean of this world in His Company. There you will find the Devine grace that will, through devotion, awaken enlightenment that brings union with the Lord. Leave behind all delusion, and fear no evil or death, once He, God Almighty, is firmly lodged in your heart, you are blessed! Those who pilfer another's home, will find no peace on their judgment day. Those who are pious raise their voices in prayer: "Unite me to You, Beloved Lord. Grant me union with You. Embrace me that I may never stray or lose my devotion to You. May I never wander from the path of Truth and light. Grant me freedom. God you know all things. Through You, my Devine King, may I become a vessel of the wine of purity. Intoxicated with the holy Word. Let me be as an unborn child in the womb, free from all pride and ego. I fall at your feet and beseech You to guide me through all darkness and torment to Your Light."

Through contemplation of the Lord, good deeds and

self-discipline, may I never fall from Thy Grace. May I never seek to know the darkness of ego or duality. Save me Lord from all the evils of the earth. May I never cast you from my heart? May I never think that lust, pride and falsely acquired wealth, will bring me joy or peace. In lust or the pleasures of this world is found no life. Shower me with the waters of Your holy Word. Then will I know no regrets. Greed and worldly wealth will bring no pleasure and peace, only death and torment. 'There is no difference between Thee and me, or me and Thee' as the bracelet is made of gold and the wave on the ocean of water! Through self-discipline and control, you will come to know the Lord and the servant, and you will find both within! Seek God, and with the guidance of the holy Word, you will find True realization through His Grace!

Honor the holy Name, Lord God Almighty!

Honor the holy Name, Lord God Almighty! Supreme over all. The woman of evil ways can come with an impure heart, dressed in falsehood. She attempts to dominate her Lord. Every single thing God created is good! We must pray and seek Him! Immerse yourself in prayer, devotion, worship, Holy Scripture and teachings to become a devoted disciple.

Be charitable and pure of heart. Never falter, follow the path of righteousness. Do not fall into the folly of thievery, dishonesty, violence or sin. The lowest forms of life (God's creations) would imitate man's devotion to God, if they heard of Heaven's Glory. Man has no power to speak or be silent, to

seek or to give, no life or death, Wealth or authority come from man. Nor does meditation, enlightenment, knowledge or understanding come from man. This comes from the Power of God alone! God sees all things and all creatures of the earth, He is the judge of all! He, through His Grace will give His approval to enter Heaven! Through accepting His Holy Word and Teachings and by being Devoted to Him. You will know Him, God, The Supreme One, The Almighty

Running wrong way

Religion was introduced to improve ourselves. Everybody knows that we can make mistakes, to protect ourselves we should be religious. We should love but we should not be lusty, we should get angry at our own mistakes but we should not try to be a police force to fix others. Greed is not a bad thing if we are not hurting anyone, yes, we should not allow anyone to hurt us either. Why not get greedy to be a nice person. We all are possessive, nothing wrong in that as long as we are respectfully possessing God given privileges. But it is not religious to fight for anything which is not ours. Attachment is not bad either, as long as we are attached with well-deserved attachments. Yes, we should be proud of ourselves, proud is not bad as long as our pride is not damaging anybody else's credibility. We should be religious but it is not religious to force others to believe in your religion. Discrimination is not religious anyways. We are running the wrong way, instead of improving ourselves we are trying to improve others. May God bless us.

No one owns earth sky;
He plays His play all his dark and light.

His creation He controls,
why we should have un-needed fight.

Darkness is darkness,

Tons of books we can read,
with testimonials certificates we lead.
We can make records of knowledge,
study all schools and college.
We can keep studding whole life,
whole family husband and wife.
Till last breath if we keep reading,
whole life we keep on speeding.

All we do is all in vain,
whatever is written, only that we will gain.

You can do it again and again.
we can't change luck with extra pain.

(21)

Those who are singing in praise,
god loves them, their every stage.
But those who don't appreciate,
poor, unlucky, that is their fate.
Those who don't count them anywhere,
those are the one He care.
Their simplicity is their upgrade,
their simple success simply made.
God is in everything he made,
that is a real ink which never fade.
Whatever He puts in, that will show,
seed god so that will grow.

Short-lived beautiful cloths,

Short-lived love short-lived,

Short-lived sweet, short-lived taste,

We can call true, if someone is truthful,
who don't have dust of lie?
We can call true, who loves truth,
those who praise his earth sky.
We can call true, who knows trick,
ready to grow seed and not shay.
We can call true, who is truly trained,
who is courteous giving hand?
We can call true, who is aware,
who trust in god, with all he shares?
Truth is Madison, to get rid of bad,

Lier queen lusty king, public illiterate,
unhealthy situation sick slate.

Wrong doctor wrong Madison,
how someone tell them you are great.
If you are giving kilo and expecting ton,
probably you won't get none.

If you are going wrong way,
everyone will stay away, nothing to say.
If you gamble lottery, probably you will not hit,
big one you won't get.

Mostly you lose your bet, running after big,
you won't reach that is it.

We try our best, running hard,
but what will happen, knows only god.

No power no right, we can claim,
no one is at fault, we cannot blame.

Nobody can meditate if god don't want,
forcing for anything, we can't.

Whatever we know, is God's will,
He keep us running and He keep still.

Whenever we lost, He show the way,
we should walk that way He say.

Father always takes care of child;
father know what to get hot or mild.

(26)

Just water can do, that water can play,
we learn from what master say.
Life is a car we are driving every day,
if we won't break it, we don't pay.
If we run it smoothly, do not overspeed,
that is good driving, we need.
If we force speed, trying to overdo,
you will get caught, paying for deed.
If you like to sneak, someone will find,
citation you will face some kind.
If under influence law will make arrest,
then you can't drive until test.

(27)

Law is very must, law should prevail,
if you don't obey you won' get bail.
They are messing up who do not care,
this is nice stage, why they share.
We got the chance to live human life,
we should not waist it, it is not wise.
This is time to sow seed, for feature,
hungry can't live long, law of nature.
Does not matter how tall, big you are,
if you are not fruitful, you are a tar.
Sweet sophisticated people are best,
wherever they go, they are guest.

(28)

Too smart some people, like to play bluff,
some day will face more tuff.
Someday we will go, leaving everything,
everyone will go beggar or king.
As we will sow so shall we reap,
have to live with that, we can't sweep.
We have to pay for all action bad,
yes, we will repent, yes, we will get sad.
Merciful content people compassionate,
that good creation god did create.
Gold is always gold, it might be old,
always precious always could be sold.

(29)

It does not make you rich if you dress up great,
greatness is inside state.

You can be great by great deeds,
can't get any good by harvesting weeds.
We can't be clean only by taking shower,
we have to bloom to be flower.

We cannot teach with only talk;
we can't show way which we don't walk.

You want to teach swimming,
you have to swim some,
show it how come.

If you have respect and fear that is great,
the best state is fear of ultimate.

(30)

That place is great where congregation,
where their almighty information.

That place is worship place,
where there Almighty is in talk, He is the base.

My heart goes to those who are there,
those who singing Him, his prayer.

Praising almighty is appreciable move,
that is the best, and is best prove.

When we are student, then we learn,
without studying we cannot earn.

Who praise ultimate they are great,
going the right way very great state.

(31)

Vegetation is living, all grains are alive,
dead cannot grow, cannot survive.

Water is alive, creation is with water,
for all the creation, water is starter.

Nothing could be grown, if land is dead,
that is a fact man, not only said.

There is a life in every living wood,
worms could survive eating just wood.

Without the life, air can't blow,
and without the air there can't be show.

We are illiterate, if we do not know,
every seed is living, dead can't grow.

(32)

When power creates, it can do alone,
when person creates, it takes two.

God created man alone,
man and woman made thrown, but not alone.
Women gives birth, world is not man made,
woman is not a man's bone.

Man criticize woman, who gave birth to man,
father cannot do mother can.

Female is friend, female is wife,
ruler king is son of woman, woman is life.

Power, not a person is almighty alone,
he is only self-created, no thrown.

(33)

Comfort zone

A lot of comfort in his zone,
god's grace can do alone.
Get rid of worldly litigation,
his dome is best station.
Just trust in only one,
creator of earth mars and sun.
All wisdom is his advice,
all scriptures is his surprise.
All who have him in mind,
those ones are best kind.
I would like to go that way,
same way I should pray.

(34)

Very sweet is his treat,
that level no one can beat.
Pride quits if he is in mind,
sadness quits every kind.
He is in mind then no worry,
no enmity and no hurry.
He is in mind, nothing wrong, unfearful every song.
He is in mind is best state,
our feelings become great.
He is in mind, I am glad,
he is in mind, why to be sad.

(35)

He is in mind, best oblige,
he is in mind you get wise.
He is in mind, is meditation,
he is only classification.
He in mind, holly shower,
he in mind spiritual power.
He is in mind, very kind,
all of others then left behind.
With his grace we can say,
with his grace we can prey.
He in mind, those are great,
those are spiritual mate.

(36)

Best state with him in mind,
nothing else is of this kind.
Thirst quencher is his name,
he is playing he is game.
Nothing wrong no devil deal,
under lord safe we feel.
He is in mind we are content,
cleans mind sent present.
His feeling makes you great,
that pleaser is ultimate.
We can feel him with his grace,
he is the top he is base.

(37)

When no other relation is helpful,
god is there to help.

When there is no alternative,
still god is there to help.

Very big somebody think,
can lose everything and shrink.

Bigger the king bigger the pain,
worst pain king can gain.

Worshippers are doing great,
power kingdom all in vain.

Richer the man bigger trouble,
all air in every bubble.

(38)

The best creation is human race,
with congregation base.
Congregation is good way,
together they sit together obey.
Those who say, don't have might,
they are absolutely right.
Those who obey in good and bad,
they can never be sad.
They feel rich with god's grace,
they feel they have a place.
Best way of worship is trust,
then no hunger and no thirst.

(39)

Those are great who appreciate,
God's grace is ultimate.
Best performance we can do,

Best state of mind is where,

Best preaching is revealing,

Best incentive is motivation,
inducement of his relation.
Best place is spiritual home,
nonmaterial, psychic dome.

(40)

Save Him in your mind man,
unedited positive yes you can.
Remember him who persuade,
 feel like you are his shade.
We should remember creator,
 designer, producer, inventor.
Remember him who give food,
 always thank him hey dude.
 Who gave you air to breath,
 who give you water you need?
 Who give you all you got,
remember Him in every thought?

(41)

Taking care, birth to end,
why you can't make him friend.

Who provided everything,
to appreciate you always sing?

Who is always omnipresent,
ubiquitous all over the tent?
Don't feel him away from you,
what he did no one can do.

Materialistic we are all,
consumerist bourgeois halfwit call.

We are running after fake,
but ever present we should take.

(42)

Why we play brute, beast,
we should be human at least.

We pretend wise and clean,
inside why we play so mean.

We can't sing without tone,
your wrong right all you own.

We want things to possess,
then you deal with your mess.
Enmity dissension opposition,
all this is our own creation.

Let us pray savior to save,
otherwise consequences grave.

(43)

Almighty God we can pray,
you save us from going away.
Without grace nothing can shine,
me myself nothing mine.
You are mother you are father;
we are all your child rather.
Console comfort and solace,
beyond compare your grace.
No one knows your height,
unbound and limitless might.
Only you know your truth,
your veracity your genuineness.

preaching learning is in word.

I found truth, with patience,
was welcomed on interns.

Song of joy all around,
very professional does it sound.

Sing just spiritual song I heard,
and that song is in word.

(54)

Hey you myself stay with god,
no pain if there is lord.
Read write listen lord,
without word we can't say god.
If you have great word,
everywhere you will be heard.
Save the word your savior,
great word can fix behavior.
God have all every game, every ball,
who gets is his call?
Who have his name he can sing;
god knows who is king?

(55)

His true name is my base,
nothing more I am content.

Nothing ells I need,
tranquility, peace calm is present.

God made me grateful,
appreciative, obliged thankful.
Love your word, respect your word,

We have five senses, perception,
feeling in our word.

Lucky we, have sensation,
use word in worldly fashion.

(56)

Running wrong way mistake,
self-control what it takes.
We can control with gods will,
otherwise no good until.
No one else can help,
With the grace of god help yourself.
True attachment with true name,

If we have him cent present,
only then we feel content.
God could upgrade refine,
ameliorate, enhance outline.

(57)

What will happen is written,
it cannot be changed.
Take what you are blessed with,

Nothing could be changed,
with mischievous mind.
Disobedient not good, unruly,
wayward and errant.
How to find out his highness,
surrendering our self.
Just obey his order,
capitulating, giving up yourself.

(58)

Smart infrastructure won't work,

Candor veracity sincerity

(60)

Can get advice in words,
we can get wise in words.

Can read truth in words,

If you pick out right words,
don't need to fight words.

(61)

(69)

Short-lived all creation,
will die who are alive.

Five elements apart,
will dissolve senses five.

Short-lived all greed,
cupidity, rapacity a seed.

That will grow and go,
short-lived do you need?

Short-lived is anger,
attachment is short-lived.

Short-lived all you see,
proud, lust short-lived.

(70)

(74)

All of us let us pray,
just thank god we can say.
Appreciative we should be,
all we got is all free.
We fell in love with this world,

All who born all will die,

(75)

Where to go to find truth,
how to remind truth?
We should talk to truthful,

Just listen nothing to say.
Truthful order just obeys.

(76)

How to get out of dark

(77)

Who is happy and sad,

Leave all this for the god,
he is living he is lord.

(78)

Without the grace of god,

(81)

We are in trouble,
just because of our deeds.
Consciously, intentionally,

Knowingly purposefully

Have to trust our creator,
kindly who did it all.
All this is his game,
he is playing and he is ball.

(82)

Blooming flower springtime,

But we need love blessing

If you still crying there,
then that is your fate.

(83)

Manney prophet
prognosticator, utter divine.

Very hard to describe,
all who try fastidious dude.

(85)

Control oven, patience cook,
recipe scripture.

Tolerance fortitude container,
stoicism fixture.

That is consoling food,

How we are performing,
all is being recorded.

What you sow, that you reap,
you get ordered.

(86)

How to keep close to God,
find grace of lord.
Check your words what you say,
how you pray.
Word is medium of exchange;
it is your range.
Your words are your view,
your words are you.
Your word can make, break,
just words it takes.
Word is your power,
curse or heavenly shower.

(87)

All this looks like mine,
all glittering is fake shine.
Nothing goes with soul;
we leave behind our role.

So why we do claim,
for our mistake who to blame.
Don't do the unfair, injustice,
deception is a shame.

Don't become wrong agent,
for that you will repent.

With his grace we can do
with his grace we find true.

(88)

Almighty created one,
and one created everyone.
Almighty created picture,
and started the scripture.
Almighty invented word,
and is wisdom observed.

Word is the first source,
word origin and the course.

Word is to write God,
to appreciate almighty lord.

Word is starting point,
pedigree and stream fount.

(89)

Virtue, ethical, morality,
virtue, goodness totality.
Virtuousness is the base;
virtuousness is the face.
Virtue is a grace of God,
virtue excellence of lord.
Worthless pride and anger,
love lust is all hunger.
Everybody knows this all,
but pride inside also tall.
We are searching all around,
inside us is unbound.

(90)

Human body is church,
every human has grace.

We feel him in there,
his existence every space.

Human body is best,
body home, human guest.

Only human can feel,
just human not the rest.

Greed is animal deed,
gentleness human need.

Humility is a process,
lucky who really proceed.

(91)

Where we prey is church,
we can feel him inside.
His grace we looking for,
he is guided he is guide.
There must be some reason,
human life is the best.
We will fail or get through;
human life is the test.
Very hard to pass that,
tough mission tough way.
Fake fraud hoax sham,
counterfeit could not stay.

(92)

He is giver, He gives satisfaction
and He is satisfied.

His grace is Bona fide
without deception he is guide.

He is the game, He is watching,
He starts, He is end.

He is prosses He is processor,
He get back, He send.

Billion Trillion years back,
just almighty was existing.

One and only one existing,
no picture and no fitting.

(93)

No component no accessory,
no day or dark night.

No sun no moon was there,
nothing shining bright.

No mineral no word yet,
neither water heat land air.

No consumer no production,

No bad hell no good haven,

(94)

Nothing to born nothing to die,
nobody passing by.
Nothing to teach, no teacher,
and was no earth sky.
No male female no cast creed,
no agreement, deed.
No motor or any vehicle,
no conveyance, no speed.
No sickness no cure,
Ayurvedic or no allopathy sure.
No religion no black white,
no rehabilitation restores.

Give it a shot

Most of me might be worthless;
it won't hurt you to read my thought.

I was digging in dark and deep;
freezing, shivering, and sometimes hot.

Look like lazy and little bit loose;
but believe me baby it means a lot.

Very different and hard to believe;
thought is the same with brand new shot.

Somebody should have been upfront;
somebody should have opened the naught.

You can cook up and twist the tale;
someday surely you will get caught.

No thank you I don't ask anything;
price or praise no mention not.

Highly obliged you will find me;
pretty please read it, give it a shot.

Zero

Zero is the first phase;
nothing was there in the space.

No material nothing to eat,
air water or any treat.

No nothing no creation,
no movement and no station.

Almighty power a remote,
there was nothing else to note.

First the heat was created,
then air was estimated.

Air became first character,
mixed air produced water.

Water is the fifth element,
five created cent percent.

Earth is also made of five,
universe and total life.

His Highness

One, One and only One,
In earth, mars, moon or sun

The great, greater than great,
Only one is ultimate.

Yes, yes He is the one,
One, One and only One

Only one is immortal,
He plays, He is the ball.

Every play under His range,
He is changing, He is change.

Who is He? It does not matter,
His gender is rightly better.

Truthful and only true,
Oldest and brand new,

He is the future, he is now,
Wonderful, one can say wow.

He is consoling, He is sole,
He performs every role.

How big is He o man?
No one knows no one can.

No anomy, have no fear,
His position, crystal clear,

How He looks no one can say,
He is staying He is the stay.

He doesn't come, He doesn't go,
He is showing He is show.

He is grace He is God,
"His Highness" He is The Lord

Power

Let one talk about His power,
Let one take spiritual shower.

He is founder He is found,
He is never time bond.

Clockwise He will prevail,
Omnipresent never fail.

He was, He is, He will remain,
Rest of all is a big pain.

Only Way

Where is He, no one can guess,
His power, cannot asses.

You may reborn billion times
You may think trillion times

Goodness is one, one is GOD,
No one can become THE LORD.

No one knows His real might
Not even by keeping quite.

Greed cannot quench the thirst,
Chances are you will get worst

One may know a million trick,
Sickness will one day get sick.

Nothing, one can do at all,
Nothing else is immortal.

How? One can find the way,
What it takes and where to pay?

There is one and only way,
Where He keeps we have to stay.

Universe

Universe is in His order,
His kingdom, need no border.

Everything is His creation,
No guessing, no estimation.

Everyone is with his will,
Worthy, name fame or nil,

His creation good and bad,
Someone happy someone sad

One feeling, one is unable,
One feeling, one comfortable,

Within him if someone found,
He will still be running around.

Everything happens His way,
Nobody, nothing can say.

If man knows this clear and loud,
Then, nothing there to feel proud,

He is guarded He is Guard,
Explanation is too hard.

Grace

Someone sings spiritual song,
Appreciation never wrong,

His grace if someone feeling,
He is querying he is healing.

This is universal college,
If one acknowledge His knowledge.

Read write any scripture,
In scripture is His picture.

Sing song any melody,
All statues, His parody,

He is singing, if one feeling,
Sound like He is revealing.

True singer living creature,
True singer is true nature.

True singer can see too far,
True singer is super star.

True singer has lot to sing,
True singers are big ring.

He is giving away to all,
He is giving spring and fall.

We can't find Him, not at all
One can sing, and that is all.

Truth

True Lord Truth His name,
Different names, He is the same.

His love, and His blessing,
Keep getting without assessing.

Mighty giver is giving away
We just take and we don't pay

What we do to oblige lord
How we can realize God?

How someone can reach,
What wording and what speech.

How high is His Highness?
One can only think and guess.

Early morning one may think,
One may take a Holy drink.

One can think clear and deep,
Every one is when asleep.

Find truth your inside,
You can search and you can guide.

You can teach and you can learn.
Spirituality you can earn.

One can feel what he got,
All in you it can't be bought.

All is Him, Him everywhere,
All is Him here and there.

Creator

One can write Him in scripture,
Nobody can make His picture.

Creator you can't create,
Only one is ultimate.

Self created one power,
Nobody can build that tower.

Self created is only one,
Creation is all His fun.

Those who trust they prevail,
Otherwise certainly fail.

We should sing just His song,
Singing Him can't get wrong.

Singing, listening with full respect,
This is main trick in fact.

Singing Him with full belief,
Only way to get relief

We can get rid of sorrow,
Satisfaction we can borrow.

Faithfully if we can sing,
We can get spiritual wing.

Faithfully if we can learn,
We can make it we can earn.

Faithfully we can prevail,
Faithfully we can avail.

His Highness is only God,
His Highness is my Lord.

We can't reach His tower,
We can't know His power.

O lord you are so kind,
Always stay in every mind.

Spirituality

Spiritual bath is in His hand,
Spirituality is all His land.

Nobody can go his way,
Nobody have any say.

Everything is in His power.
He is taking He is shower.

If someone listen his teacher,
Certainly makes his future.

Teacher teaching in his tuition,
There is only one solution.

One should keep in one's mind,
One should prey the only kind.

He can give and we can take,
Everybody else is fake.

One and only one is Lord,
One and only one is God.

Great

Someone may live million years,
May be, one live billion years,

Everybody knows His name,
Too much publicity and fame,

Everyone may talk with him,
Everyone may walk with him.

If someone have good name,
Everyone knows his fame.

But, if he is not in His books,
If he is not in His looks,

He gets no number no lane,
What he does is all in vain.

He is just like insect,
He is no, nothing infect.

Unable He makes able,
One who just earns His label,

That one will shine bright,
He will feel mighty might

His Highness is so great,
No argue no debate.

One can listen one can tell,
What is haven what is hell,

Yes some people know a lot,
Listen to them, give it a shot,

Listen about all stars,
Listen about shining mars,

Listen about different sands,
How many waters and lands,

How many lamps and light,
Many dim and many bright.

Listening people digging deep,
One can listen one can keep.

Listening one can win the time,
Stitch in time saves nine.

Listener gets forever smile.
Keeping worry away a mile.

Content

One listening with concentration,
One listening with cogeneration,

Listener can become a priest,
Listener can get Holly feast.

Gets behind estimation,

Someone who is listening Lord,
He can talk about God.

He can learn how to serve
He can see every curve,

Listening can make you able,
Reaching dedicated label,

Listener learns every theory
Listener joins religious jury,

Those who listen His Highness,
Their ability behind the guess,

His followers are all content,
Are happy hundred percent.

Trustworthy all His motion,

Trust is the only locket,
Your trust is your Prophet.

Trust can create a ring,
You get voice you can sing.

You can see even unseen,
Trust can make you keen.

Everything becomes teachable
Everything becomes reachable.

Trusting Him you get oblige,
You know He is oversize.

Trust let you through the grief,
You can get rid of mischief.

Without belief you can't achieve.

Very hard to describe,
You can't trick, you can't bribe.

How big is His believer?
Too high highest achiever,

Nobody can tell his height,
How he shines how much bright.

If someone is trying to tell,
He is inviting big hell.

It is very hard to write,
True believer and his light,

True believer and his thinking
No one reach his eye blinking,

Only true believer trust
True believer has no rust.

Only if you really trust

Unseen

No power can stop your way
No power can have any say.

You will feel you're bright.

You will feel proud of trust
You will talk loud of trust.

When you really trust in God
Then you don't need any other Lord.

When you walking on right way
You don't look for any other way.

Unseen unborn self made one
If you have one, you are done.

If you trust He is in you
That is trust and that is true.

Religious religion all in one
If you trust this you are done.

This can happen with full trust
Full trust is really must.

Unaccounted little stars

How they are hanging there
Who knows who takes care?

We know only what we hear
Nothing true nothing to fear

They are very few in fact.

Keeps us where He feels
God knows how to deal

Unaccounted

Unaccounted meditation
Unaccounted dedication

Unaccounted love creation
Unaccounted upper relation

Unaccounted way to prey
Too many logical ways

Very hard to count each

Giving life as donation
Sacrificing for relation

Many dedicated brave
Too many in quite cave

Can't explain the nature
Can't explain creature

Thanks

Unaccounted foolish blind
Many miserable mud mind

Unaccounted dirty fame
Many leaving bad name

Too many can kill anyone
So cruel son of a gun

Unaccounted untrustworthy

As you sow, so shall you reap

You know what you doing God
Thanks, thanks, thanks my lord.

Scripture

Too many name and fame
Unreachable is this game.

Your light is too bright
Our vocabulary too tight

Nobody could find reality
Why to try and feel guilty

Still wording is only way
Without wording can't say

Wording is source of learning
Wording is the best earning.

With wording we stay in touch
With wording we try our luck

Who care who wrote the letter
By reading some can get better.

Wording letter one and all
All in one and that is all.

Who are you we cannot say
We just appreciate and prey.

The way you keep we should stay,
No other way anyway

Dirt on some body part
Wash cleaning no big art

If so dirty one's mind
No soap of any kind.

Only way to clean sole
Scripture can do this role

We cannot clean mind
No Madison we can find.

Only God knows this phase
Could be fixed with His grace

Good, bad is not a talk
It depends how we walk.

What you sow, so you will reap
Marvelous or very cheep

With his grace we can improve
God behind every move

Ultimate

Courteous and good nature
That is just merciful pacer

That call is very small
Nothing to feel proud at all

Respectful listener loveable
This is really miner label

If you can clean your soul
This way you can play big role

All His grace, nothing is mine
My appearance very tiny

I get better if you want
Without you, no I can't

I am no nothing myself
I can do with your help

Creator and all creation
All united, is one nation

When this happens no one knows
You are showing you are show

No one makes it testified

No one can find the fact
You are acting you are act

You are greatest the great
You are the ultimate.

All this is His big creation
Just beyond estimation.

Nobody can check at all
Winter summer spring and fall

He created with His vision
Why He did He know the reason

His power bigger than big
We can't find we can't dig

If someone is really that big
Possibly then he can dig.

His Highness knows His height
Almighty knows His might.

With His grace we got it all
He knows who should be how tall.

Biggest

His capacity we can't learn
Giving away with no return
Giving away with no lack
Never ask anything back

Everything is in His home
Giving away biggest amount
That big no one can count
A lot of beggars' big boys
Big people get big toys.
No argue no dispute
His position absolute
Some beggars never say thanks
They get lost in their ranks.
God knows this all about
Where to rain and where to drought
Good bad is His assessing
We should take it as blessing.
Nothing comes without grace

No one can be of His size
No one is wiser than wise.

Where is your domicile?

Where you sit and run empire
How you manage to acquire

Orchestra how you play
Who to sing and what to say

Lot of singer lot of song
Singing can never get wrong.

Universal one stage
Everyone is on same page

All singers singing in praise
Countless singers one stage

Thank Mighty thank His might
One who absolutely right

Only one is right for ever
He can't be wrong no, never

One God made the earth,
It takes two to give one birth.

Man made total creation
Can't happen without relation,

Music song and singing knowledge
Teacher teaching many colleges

What we sow so we shall reap
Only our share we keep

Who will come and who should go
Entirely this is His show.

Trust God then no confusion
We can get rid of illusion

Everything we see illusion
Man made is key illusion.

Everything happen His way
No person with any say.

His game He is the player
His arena He takes care

He is watching every move

With His grace we are rising
Who is He that is surprising?

God is builder there is no doubt
He knows how to mix grout.

Chanting Him

Truly this is His creation
All planets every nation

He was He is He will be
He handles His lock and key.

He knows what should be done
How bright should be the sun?

What He does He want to see.
He is doing all in free.

O my God O my lord
You are great I did absorbed

Chanting God again and again
Chanting as profession main

Chanting Him all day and night
Chanting Him we feeling right

God's Highness we can teach
But certainly cannot reach.

Yes we can sing His song
That is good nothing is wrong.

If we think we did find Him
Or we think we did kind Him

That is over estimation
Looking at a wrong station

Insect cannot fly
Certainly not too high

Some shows we cannot host
Yes we always like to boast.

Only if we get His grace
We can feel His next phase.

Confession

We cannot force our way
Curiously we just prey.

We can't even keep quite
Begging should not be a rite.

We can give up our possession
But we can't do it with passion

Even breath we don't possess
We might not like to confess.

One might be very wise
Nobody can force size

Even death you cannot force
Every life has due course.

Even then we all try
We try may not get by.

That is why He founded earth.

We get everything we earn
How we earn we have to learn.

How we did early or late
His Highness will compensate

Who is big and who is small
It does not matter at all.

His Highness He will take care
His judgment is good and fare

Mount

That is truth and truthful way
Nothing more that we could say.

Religiously we get this knowledge
Go to any religious college

Many teachers many tool
We can learn religious rule

There are many ways to learn
Many teachers do confirm

Many mars moon star
Many planets close and far

Countless divine countless devil
Countless are knowledge level.

Countless good countless bad
Countless happy countless sad

Work hard and keep awake
Learn not to do mistake

Yes we can clean our mind
Getting rid of conning kind

Working hard we can rise
Working hard we get wise.

Divine

When we are on that stage
Really upper level phase

When we learn how to guide
Then we find God inside.

That is highest level
Divine position where no devil

That is heavenly gate
That position ultimate.

True and truthful both are one
No one father no one son.

This level we can avail
Then we really prevail.

Self control

All this is a self control
We can always play this role.

We can always take advice
Teaching make you really rise

For sure we all can reach
But have to work on our speech

What we talking we should walk
What we walking we should talk.

No person could be perfect
May be scripture in fact

Only if we have His grace
We can win this human race.

Takes care

Space water heat and air
Even earth He takes care

We are all living with time
In good hands feeling fine

God knows wrong and right
All getting their due bite

All those who have full trust
They are clean have no rust.

Faithfully achieving height
Trust them they are all right

Around the year

Yes we are time bound;
still we like to run around.

Yes we are very lost;
finding home at any cost.

Help us God to find the way;
save us from going away.

We find out that we can run;
but running away is not a fun.

We should try to find The Great;
let us do it before too late.

Going wrong nothing we gain;
going wrong nothing but pain.

Running around here and there;
we can't make it anywhere.

Only God can show us the way;
only God where we can prey.

Without God we can't achieve;
hell with those who don't believe.

Some who say, he know it all;
one day he will face free fall.

We have only one salvation;
everything ells is intoxication.

We need only God's grace;
otherwise we can't show our face.

O Lord you are the home;
we can't get lost in your dome.

March

Think twice before you start;
thankful thinking is good art.

Yes we feel, we are growing;
getting big we are blowing.

Yes we feel we are Looming;
yes we feel that we are blooming.

That is all optical illusion;
unreal total confusion.

Spiritual people know the way;
what to think and what to say.

If we know we have some base;
why we join human race.

Rootless tree can get no fruit;
tree will die without the root.

Lucky those who understand;
all the noises are His band

We won't reach by going away;
stitch with grace the only way.

Thank him who tell this trick;
nothing wrong using this hitch.

April

When we feel this is mine;
when we feel human shine.

That means we are away;
certainly we lost the way.

What we see all is fake;
nothing real that we can take.

Willingly we are in dark;
what we see is not a park.

Unreal when we will choose;
we know that we will lose.

Son or spouse is all greed;
all is short living indeed.

Everlasting only one;
losing Him then where to run

Fake relationship is naught;
still everyone get caught.

If we don't have His grace;
for sure we lose the race.

He is only The ultimate;
no one could be alternate.

Some who really feel His power;
they enjoy holy shower.

All that glitters is not gold;
worldly things we cannot hold.

God is with us forever;
there is no substitution no never.

His presence if we feel,
we are healing and we will heal.

May

To the biggest we should bow,
all we see is all His show.

What He get is due respect,
everybody know this fact.

We are safe under His grace;
no devil can show its face.

We are safe if He is behind;
nobody can match His kind.

Very rich we are we feel;
His grace no one could steal.

What we have and what we are;
that is all His grace so far.

He is doing with His way;
His ruling we have to obey.

Some who are with Ultimate;
we can say they are the great.

He is there to show us way;
why we should then get away.

Why you bother why you cry;
He is with you don't feel shy.

When biggest big is at your side;
you don't need no more guide.

He is with you at your side;
that is enough to feel pride.

June

Those with no feeling of Lord;
those who walk away from God

They are feeling really hot,
they keep crying quite a lot.

To walk away is there choice;
no one other has any voice.

One who walk away from cool;
no one other, he is the fool.

Jumping in fire you will burn;
that is your choice to learn.

If you don't need His grace;
jumping into human race.

That is all up to you,
that is your company your crew.

Your rule and you are rebel;
that is self created trouble.

Yes it sounds very cheap; well,
as you sow so you reap.

Wrong way you running fast
can't reach at any cost.

Only one savior can save;
with Hs grace we can behave.

July

When we get tired of heat;
heat affecting heartbeat.

Where to go and where to hide;
when no guide or ride.

When we lost every tool;
either way looking for cool.

When we find we run in vain;
then we get heavenly rain.

Then we say o thank God;
and we feel grace of Lord.

We confess in the convention;
rain can't be human invention.

That is not a human power;
can't bring rain or shower.

Rain makes Earth fertile;
that is His trick and His style.

We want to know who does it all;
who brings spring and fall?

It depends how we find;
are we clear or dirty mind?

Who will find Him he is great;
same great and ultimate.

Nobody does know His might;
only we can read and write.

August

We don't know His all about?
He know His reason and route.

We think this is our show;
but who does it we don't know.

Can't be flower but we can smell;
all we do create a hell.

One day we all have to go;
death will end all devils show.

Where we go we do not know;
have to line up in one row.

As soon death will end our stay;
all ours will walk away.

One day we can be a hero;
time will come we will be zero.

We are known with what we shown;
even that will be blown.

Soul mate we think is must;
but can we define love and lust?

What we sow so we will reap;
if we are cheap we will creep.

If we find out God is there;
we will be content everywhere.

September

Frustration is not station;
no way could this be salvation.
We should try to know this fact;
our act really not an act.
His search was never right;
we can't lose the most bright.
We are searching far and near;
look inside o my dear.
O my mother we need help;
insider how can we develop?
Some people they can attach;
those who are of His batch.
His power we understand;
only when we stop our band.
End of me begin with He;
give up ego let pride flee.
With His mercy and His kind;
only way that one can find.
When somebody knows His
taste; after that all is waste.
Finding Him is a big art;
when you find then can't apart.
Then they feel fully content;
there is no other fulfillment.

October

What we deserve we can claim;
if we slip we take blame.

What we get we dig it all;
but nowhere heaven will fall.

When we lose His love and fear;
we get sick no one get near.

His blessing if we lose;
that we can choose.

All that what is so sweet;
nothing real but we can tweet.

If that is the revolution;
then hard to find other solution

No one listen you may cry;
you know you cannot get by.

We can't get with greedy looks;
what will happen is in books.

Luckily we understand;
every inch is His land.

Kindly give us a favor;
let us have a wisdom waver.

We would like to have a brake;
all we see is really fake.

Real part is your grace;
we are lost in human race.

November

It looks nice to be at home;
how nice is lord's dome.

How to praise who never leave;
can't count what they achieve.

It is great to be with great;
lucky those who subordinate.

Walking away we fell alone;
pale bloodless just a bone.

Walking away we are in trouble;
all fake whatever bubble.

Those who have God's grace;
they look good with charming face.

God's love and your respect;
that is the way that is the best

That is very strong side;
side with God as their guide.

Getting alone is a big shame;
you will live with your blame.

If we feel He is inside;
that is like a dream ride.

That is a glory of state;
that honor is ultimate.

December

After all that running around,
if His grace inside you found
You won't shiver even in cold,
you won't fell He will hold.

If you feel in His arm,
with that feeling you feel warm.
Walking away you were in pain,
wandering around and no gain.
You are the one who walk away,
welcome back you can stay.

He is yours if you feel,
no such wound which cannot heal.
This is your beginning and end,
you just cool down your trend.
You just prey you want to stay,
that is yours and you don't pay.

Only if you feel at home,
His entire kingdom is your dome.
For your mistakes don't feel shy,
pardon is privilege you can't buy.

All our blanks we can't fill,
all that depends on His will.

That is it you want to get,
in good hands you are all set.

January

You are back from heat and rain,
you found yourself once again.

Now you get some wise advise,
be humble don't feel too wise.

To give up ego we should learn,
greed and anger no concern.

We should get rid of our lust,
worldly attachment is not must.

Going right way we get praise,
we get promotion and get raise.

We get wise with His blessing;
we should give up our assessing.

Those who get there they are great,
those who are with ultimate.

Truthfulness is itself a goal,
truthfulness can play big role.

Cold and cool are different stages;
fall and spring are different phases.

All our thirst sure we can quench,
being with him inch by inch.

We can take this holly shower,
feel strong with his power.

Don't ever think of losing again,
everything ells is all in vain.

February

Yes our fruits are all in free,
but only for the grown up tree.

Yes we can become content,
if we stay with permanent.

We can be there with His grace,
content level is ultimate phase.

Whoever helped us he is saint,
prophet or priest why to complaint.

Beloved and lover are together,
then time to enjoy every weather.

We got back what we need,
seed become tree and tree gets seed.

Thankful dance and obliging song,
good feeling is never wrong.

When we know we got the best,
stick to that forget the rest.

Finally when we are stable,
then we don't need different label.

Savior served us with salvation;
no more traveling you got station.

We must sing millions of praise;
believe me this is the best wage.

God never need any return,
keep striate you got final turn.

One Almighty

Absolutely with His grace
We are here as human race

First Father

Powerhouse created heat, beginning of Creation Street.

The first aliment to be, first of five one could see.

Because of heat air blow, second aliment to show.

Air blew up everywhere, universe clean and fair.

Mix of air created water, water is itself starter.

Water is the first father, mother land needed it rather.

Heat air water and land, can shape up any sand.

Best creation human race, all other are second face.

HAPPY FATHER'S DAY ss sunner

Step First

What a level o my mother
What a level o my brother.

I am so much satisfied
Feeling in heavenly ride

From the day I found Him
From the day I sound Him.

Feel like talking to Lord
Feel like walking with God

I feel fully content
This feeling is permanent

My mind now very slow
Got rid of usual blow

Now I have smooth mind
Somewhat supernatural kind

I am feeling so much great
This feeling is ultimate.

I feel singing inside
Something is ringing inside

If you trust talk to mind

But over doing is very sad

Nothing bad if you feel proud
But no music should be too loud

Don't let them but you drive.

And this feeling is permanent.
